The Exhaustive Concordance of the Bible James Strong, 1890 *Burning Books and Leveling Libraries* Rebecca Knuth, 2006-05-30 Whether the product of passion or of a cool headed decision to use ideas to rationalize excess the decimation of the world s libraries occurred throughout the 20th century and there is no end in sight Cultural destruction is therefore of increasing concern In her previous book *Libricide* Rebecca Knuth focused on book destruction by authoritarian regimes Nazis Serbs in Bosnia Iraqis in Kuwait Maoists during the Cultural Revolution in China and the Chinese Communists in Tibet But authoritarian governments are not the only perpetrators Extremists of all stripes through terrorism war ethnic cleansing genocide and other forms of mass violence are also responsible for widespread cultural destruction as she

demonstrates in this new book *Burning Books and Leveling Libraries* is structured in three parts Part I is devoted to struggles by extremists over voice and power at the local level where destruction of books and libraries is employed as a tactic of political or ethnic protest Part II discusses the aftermath of power struggles in Germany Afghanistan and Cambodia where the winners were utopians who purged libraries in efforts to purify their societies and maintain power Part III examines the fate of libraries when there is war and a resulting power vacuum The book concludes with a discussion of the events in Iraq in 2003 and the responsibility of American war strategists for the widespread pillaging that ensued after the toppling of Saddam Hussein This case poignantly demonstrates the ease with which an oppressed people given the collapse of civil restraints may claim freedom as license for anarchy construing it as the right to prevail while ignoring its implicit mandate of social responsibility Using military might to enforce ideals in this case democracy and freedom is futile Knuth argues if insufficient consideration is given to humanitarian security and cultural concerns
