Ode To A Phoenix

Matthew Fraleigh

Ode To A Phoenix:

Germanic Texts and Latin Models Karin E. Olsen, Antonina Harbus, Tette Hofstra, 2001 Medieval writers who translated Latin texts into Germanic vernaculars not only transmitted their originals but driven by individualistic impulses and cultural conventions also transformed them This process of domesticating texts was fundamentally creative and might more accurately be described as reconstruction The essays in *Germanic Texts and Latin Models* Medieval Reconstructions explore the ways in which Latin texts and traditions were reconstructed in Old English Old Icelandic and Old High German and cover a range of genres legal texts genealogies histories and poetry They examine how medieval Germanic authors negotiated the need to transmit their models while at the same time fulfilling their own political artistic and didactic objectives in the creation of vernacular texts These new studies demonstrate the variety of ways in which medieval Germanic texts were indebted to their Latin exemplars while reflecting their new culturally specific circumstances in the complex nexus of Latin learning and Germanic lore

Antedating Shakespeare's Poems and Plays Penny McCarthy, 2024-09-05 The academic community treats the chronology of Shakespeare's works as settled He supposedly served an apprenticeship collaborating on plays in the 1580s wrote two great poems in the early 90s three plays a year from the mid 90s some problem plays around the turn of the century then his greatest tragedies and finally some romances late in his career This investigation highlights the flaws in the consensus view over reliance on precarious stylometrics dubious identification of topical relevance and unfounded conviction that composition preceded publication performance or first mention by only a short interval Concentrating on his poems and six of his plays the study ascribes parallels in others literary works to their authors imitation or parodying of Shakespeare not vice versa The importance of patronage circles rather than London theatre companies to writers players and printers is spelled out The conclusion is that Shakespeare's works must be radically antedated

Odes Francesco Filelfo, 2009 The Odes completed in the mid 1450s constitute the first complete cycle of Horatian odes since classical antiquity This volume features the Latin text and an English translation

Plucking Chrysanthemums Matthew Fraleigh, 2020-05-11 Plucking Chrysanthemums is a critical study of the life and works of Narushima Ry hoku 1837 1884 Confucian scholar world traveler pioneering journalist and irrepressible satirist A major figure on the nineteenth century Japanese cultural scene Ry hoku wrote works that were deeply rooted in classical Sinitic literary traditions Sinitic poetry and prose enjoyed a central and prestigious place in Japan for nearly all of its history and the act of composing it continued to offer modern Japanese literary figures the chance to incorporate themselves into a written tradition that transcended national borders Adopting Ry hoku's multifarious invocations of Six Dynasties poet Tao Yuanming as an organizing motif Matthew Fraleigh traces the disparate ways in which Ry hoku drew upon the Sinitic textual heritage over the course of his career The classical figure of this famed Chinese poet and the Sinitic tradition as a whole constituted a referential repository to be shaped shifted and variously spun to meet the emerging circumstances of the writer as well as his expressive aims

Plucking Chrysanthemums is the first book length study of Ry hoku in a Western language and also one of the first Western language monographs to examine Sinitic poetry and prose kanshibun composition in modern Japan Gary Soto Ron McFarland,2022-08-22 In a 1995 interview prolific Chicano writer Gary Soto noted Wonderment has always been a part of my life This book surveys Soto s immense range of poems stories novels essays and plays for audiences of prereaders to adults Soto s world moves from the cotton and beet fields of the San Joaquin Valley to the blue collar barrios of Fresno and to urban and suburban settings in Oakland and Berkeley Chapters analyze a wide variety of Soto titles from his breakout works like 1977 s The Elements of San Joaquin to the Chato the Cat illustrated books for children With self deprecating humor particularly in his poems Soto combines his wonderment with the trials and conflicts that beset him throughout life In such novels as Jesse Buried Onions and The Afterlife and in his stories for YA readers including Baseball in April and Petty Crimes his broad array of characters confront the anxieties and annoyances of adolescence Although he continues to motivate young Chicanos to read and write Soto stakes his greatest claims to literary prominence through his poems which are accessible to readers of all ages *Collected Poems of Thomas Parnell* Thomas Parnell,1989 This edition is the first to establish a reliable text of the poems of Thomas Parnell 1679 1718 Based on a study of all the available manuscripts including an extensive collection in the poet s family and authoritative edition it more than doubles the number of poems known to be Parnell s and represents the first publication of some of his works **A Concordance to the Poems of John Keats** Michael G. Becker,Robert J. Dilligan,Todd K. Bender,2016-05-05 First published in 1981 A Concordance to the Poems of John Keats intended to provide the user with a volume suitable to the varying and increasingly specialised interests of scholarship This title offers a high degree of inclusiveness that attends to the poems and plays the emended and authoritative headings and virtually all of the variant readings considered substantive in the riches of the Keats manuscript materials This title will be of interest to students of literature **Directed by Desire** June Jordan,2012-12-28 Affordable e book of volume honored as one of Library Journal s Poetry Books of the Year **Russian Essays on Shakespeare and His Contemporaries** Aleksandr Tikhonovich Parfenov,Joseph G. Price,1998 Throughout his career from the early play Love s Labour s Lost to one of his last romances The Winter s Tale Shakespeare was intrigued by Russia Reciprocating that intrigue over the last few centuries Russia as so many other countries has claimed Shakespeare as its own The essays in this book represent the work of Russian and Ukrainian scholars from three different perspectives explaining the plays to Russian audiences discussing Russian theater for Western audiences and dealing with contemporary criticism The Complete Sonnets and Poems: The Oxford Shakespeare William Shakespeare,2002-02-14 Shakespeare s Sonnets are among the most complex and beautiful poems ever written Their exploration of love praise homo and hetero sexual desire is enacted in the richest densest writing in English And the first printed work to which Shakespeare s name was attached was the erotic narrative poem Venus and Adonis which developed a sumptuous vocabulary in which to explore love praise of the beloved sexual desire and the power of rhetoric

That poem was so popular that most of Shakespeare's contemporaries thought of him as primarily a poet rather than a playwright. Yet despite the power of Shakespeare's poems and their foundational place within his oeuvre, modern readers have seldom been encouraged to engage with his non-dramatic works as a whole. This new edition explains how this state of affairs has arisen and why it needs to be changed. The volume contains the complete Sonnets and poems with a full commentary. An extensive and lively introduction explores Shakespeare's poetic development and shows how the poems relate to each other and to his dramatic works. The Sonnets are freshly interpreted not as cryptic fragments of autobiography but as works which ask their readers to think about relationships between lyric poems and the historical circumstances which may have given rise to them. The narrative poems *Venus and Adonis* and *Lucrece* are placed where they belong at the origin of Shakespeare's thinking about what it means to desire and to be desired. The edition responds to the most recent scholarly work on the interpretation and dating of Shakespeare's poems and Sonnets. It also explores what the poems may have meant to their earliest readers. For this reason it also includes poems attributed to Shakespeare in the seventeenth century as well as those printed under his name in *The Passionate Pilgrim* in 1599.
