**Patents Issued from the United States Patent and Trademark Office** ,1993 **Consumer Affairs and Customer Care** Sri Ram Khanna,Savita Hanspal,2020-09-21 The subject of this book explains the social framework of consumer rights and legal framework of protecting consumer rights that has evolved in India over the last three decades It also explains the momentous changes in Indian consumer markets over this period as a result of economic liberalisation and provides an understanding of the problems consumers face in markets and the consumer detriment there from It analyses the buying behavior of consumers as well as the phenomena of consumer complaints and the processes and systems to address them The development of the consumer jurisprudence in settling consumer disputes in consumer courts under the Consumers Protection Act of 1986 and 2019 is examined in detail Leading cases are used to explain important concepts It also addresses the role played by quality and standardization in the market place and the roles of different agencies in establishing product and service standards The student should be able to comprehend the business firms interface with consumers and the consumer related regulatory and business environment for major consumer industries of India **Business Today** ,1997

**The Evolution of European Manufacturing Industries** Bolesław Domański,Grzegorz Micek,Robert Guzik,Krzysztof Gwosdz,Arkadiusz Kocaj,2024-08-29 The book provides a picture of the increasing significance of Central Europe and especially Poland in global production networks discussing the underlying economic social and political factors The key question it answers is to what extent the growth of production and exports results in industrial upgrading towards the manufacturing of more sophisticated high value added products new technologies and the development of non production functions especially design and advanced service capabilities The book shows that Central European manufacturing no longer exhibits the typical features of production activities in the periphery in particular low density and diversity low productivity narrow specialisation in low value added activities and poor local linkages hence limited local value creation and

value capture There is still dependence on foreign controlled enterprises in several sectors and limited product innovation which remains a major weakness Further the book assesses the social consequences of the ongoing development of manufacturing capabilities in Poland and its impact on employment conditions including the quality of jobs and level of wages The authors provide insight into relationships between globalisation processes place specific attributes and current economic policies and as such the book will be of interest to academics policy makers and other stakeholders interested in both peripheral economies and core countries and representing various international organisations dealing with economic transition and development
