writing novels for fifteen years Emily took on a different sort of project When it debuted in 1922 Etiquette represented a fifty year old woman at her wisest and a country at its wildest Claridge addresses the secret of Etiquette s tremendous success and gives us a panoramic view of the culture from which it took its shape as its author meticulously updated her book twice a decade to keep it consistent with America s constantly changing social landscape Now nearly fifty years after Emily Post s death we still feel her enormous influence on how we think Best Society should behave

Organisational Development in Practice Kevin Flinn,2025-08-25 Organisational Development in Practice A Complexity Approach draws on conventional critical and complexity thinking in relation to organisational development with a view to exploring what s useful and what s not This book proffers an approach to organisational development that helps to develop support and maintain more democratic collaborative inclusive and sustainable ways of learning working and living The author explores the practicalities of working with the frustrations and inconsistencies involved in coping with the patterns of human interaction that inevitably make up organisations where planned and emergent approaches co exist whether we would like them to or not Woven in between the personal essays are vignettes from a range of international practitioners reflecting on their own experiences in the field This book a radically different approach to organisational development is suitable for advanced students and researchers of organisation and organisational development organisation studies human resource management and executive education It will also be of interest to practising managers

Ordering America William H. Young,2010 Ordering America painting a felicitous portrait of Western civilization shows that its defining ideals rooted in man s common human nature a perception newly substantiated by modern evolutionary psychology were best fulfilled by realization of the American founding order Twentieth century progressivism and postmodern multiculturalism detoured America down the way of social constructionism human nature and equality are produced by culture and the state through groups The book sets a course to revive the Western ideals and return to an opportune center right American order applying latest scientific insights and restoring individual responsibility and reciprocity under more limited still energetic government befitting our century
