Prisoner From War:

Prisoners of War, Prisoners of Peace Bob Moore, Barbara Hatley-Broad, 2005-02 Millions of servicemen of the belligerent powers were taken prisoner during the Second World War This collection brings together new scholarship largely based on sources from previously unavailable Eastern European or Japanese archives detailing how these POWs were treated

History of Prisoner of War Utilization by the United States Army, 1776-1945 George Glover Lewis, John Mewha, 1955 This study is primarily a treatment of the use of prisoner of war labor by the United States Army It also provides a comprehensive treatment of the employment of prisoners of war by private employers in the United States The primary objective of the monograph is to provide in one volume a comprehensive record of the use of prisoner of war labor for the guidance of General Staff officers and students in the Army school system It is hoped that the study will assist the industrial and military mobilization planners of the future in planning for the use of prisoner of war labor The document also will further the understanding of basic problems related to the employment of prisoners of war among persons interested in military affairs Since the monograph is limited to the military history of prisoners of war through World War II it is merely background for the events that have followed that conflict An additional monograph dealing with the employment and treatment of prisoners of war during the Korean War is currently being prepared The study is divided into three parts Part One The Early Wars contains three chapters covering the period from the Revolutionary War through the Civil War Part Two The Beginnings of Global Warfare contains three chapters covering the period from the Spanish American War to the beginning of World War II Part Three World War II contains the bulk of the study The planning policies interested agencies and actual employment both in the continental United States and in overseas theaters are presented in detail **Prisoners of War** Ronald H. Bailey, 1981 How 15 million prisoners of war depended less on the Geneva convention than on their captors attitudes and customs

Prisoners-of-War and Their Captors in World War II Bob Moore, Kent Fedorowich, 1996-11 Presents 11 contributions covering servicemen in all the theatres of WWII Paper topics include Axis prisoners in Britain Canada and the negotiations of prisoner of war exchanges Free French and Vichy French POWs in Africa and the Middle East Africans and African Americans in enemy hands captors and captives on the Burma Thailand railway and protecting prisoners of war from 1939

Prisoner of War Len Kovar, 2011-09-08 This is the true story of Second Lieutenant Leonard J Kovar and his battle to survive as a prisoner of war during World War II as told by him Mr Kovar was a bombardier navigator on the plane Con Job when it was shot down on its 11th mission His story begins with the aerial dogfight continues as his plane is hit and he parachutes out in the middle of a dogfight and during his flight through enemy territory as he struggles to get back to Allied lines while

facing heat hunger thirst and death from enemy soldiers and angry civilians It also details his eventual capture and his battle to survive imprisonment in spite of hunger illness and death marches Mr Kovar first wrote this story shortly after returning from the war At around the same time his mother also questioned him at length and wrote down the story of his experience in a piece for one of her classes Mr Kovar has taken his and his mother s writings along with several letters wires photographs and other items he collected from that period in his life to complete his story His is a candid telling of life as a prisoner of war at the end of World War II as he struggles to survive the death marches in advance of an oncoming Russian military push during the worst winter storm ever recorded in European history He provides unique insight into the interactions between American and German soldiers that is rarely seen in this kind of story He has left nothing out This story is a fresh look at a war that has faded into history but has not faded from people s minds **History of Prisoner of War**

Utilization by the United States Army 1776-1945 ,1988 **Prisoners of the Home Front** Martin F. Auger,2005 Little is known of the internment of German prisoners of war civilians and merchant seamen on Canadian soil during the Second World War In the midst of the most destructive conflict in human history almost 40 000 Germans were detained in twenty five permanent internment camps and dozens of smaller work camps located across Canada Five of these permanent camps were located on the southern shores of the St Lawrence River at Farnham Grande Ligne Ile aux Noix Sherbrooke and Sorel in the province of Quebec Martin Auger s book provides a fascinating insight into the internment operation in southern Quebec The study examines the organization and day to day affairs of internment camps and offers an in depth analysis of the experience of the German prisoners who inhabited these camps The author shows how the pressures of internment such as restricted mobility sexual deprivation social alienation and the lack of material comfort created important psychological and physical strains on inmates In response Canadian authorities introduced labour projects and educational programs to uphold morale to thwart internal turmoil and to prevent escapes These initiatives also aimed to expose German prisoners to the values of a democratic society and prepare their postwar reintegration The author concludes that Canada abided with the provisions of the Geneva Convention and that its treatment of German prisoners was humane Prisoners of the Home Front sheds light on life behind Canadian barbed wire The study fills an important void in our knowledge of the Canadian home front during the Second World War and furthers our understanding of the human experience in times of war **Prisoner at War**
