

L'ANALYSE DES PRATIQUES : ENTRE BESOIN ET ATTENTE

La transformation des contextes d'intervention liée aux évolutions législatives et sociétales implique l'adaptation des pratiques, des professionnels à leurs nouvelles missions. La nécessaire adaptation de la réponse à apporter aux besoins et aspirations des bénéficiaires de l'action sociale et médico-sociale implique de réinterroger les modalités d'intervention. L'analyse des pratiques permet aux professionnels d'accéder à une réflexion partagée sur leur travail et les enjeux de celui-ci. Elle répond à la nécessité d'adaptation et de développement professionnel indispensable à l'évolution des pratiques et à la qualité de l'accompagnement proposé. Elle participe à la prévention des risques psycho-sociaux et au développement d'une qualité de vie au travail.

Professionnels De Santeacute Et Analyse Des Pratiques

Edwige Picard, Bernard Gaillard

Professionnels De Santeacute Et Analyse Des Pratiques:

L'analyse des pratiques professionnelles Véronique Agnès,2013 *L'analyse des pratiques professionnelles* Catherine Fernandez (auteur d'un mémoire en gestion hospitalière.),2013 *Professionnels de santé et analyse des pratiques* JEAN CHAMI ET DOMINIQUE FABLET,2011-02-01 Voici le onzième ouvrage collectif sur l'analyse des pratiques professionnelles consacré celui-ci aux professionnels de santé. Il vise explorer diverses professions concernées : médecins, infirmiers, psychologues. Quel rôle joue aujourd'hui l'analyse des pratiques dans la formation initiale et continue de ces professions ? L'investigation se porte sur ces catégories professionnelles qui subissent des évolutions croissantes mais aussi sur la diversité des champs d'exercice : pratiques libérales, hospitalières mixtes. Évaluation des pratiques professionnelles dans les établissements de santé Agence nationale d'accréditation et d'évaluation en santé (France). Service Evaluation des pratiques,2002 *L'évaluation des pratiques professionnelles en psychiatrie* Marie-Christine Hardy-Baylé, Jean-Michel Chabot, CPNLF,2011-05-25 L'évaluation des pratiques professionnelles EPP est dans le secteur de la santé une préoccupation croissante. Depuis une vingtaine d'années de nouveaux impératifs dans l'exercice médical comme la nécessité de centrer son action sur le patient et de lui apporter des garanties sur la qualité du service rendu, d'assurer les malades et leur entourage d'une disponibilité et d'une attention personnalisée, d'assumer le risque d'une judiciarisation ont contribué à laborer une nouvelle définition du professionnalisme médical. Parce que le contexte institutionnel pour conduire des démarches d'EPP est en constante évolution, l'ouvrage a été conçu comme un dialogue entre deux professionnels de la santé. Sont exposés tour à tour le point de vue du psychiatre et celui de la Haute Autorité de Santé HAS. L'objectif est de fournir les clés pour s'engager dans l'évaluation des pratiques, quel moment la réaliser, qui s'adresser. Comment bénéficier d'actions de formation médicale continue (FMC) dans le cadre d'un programme d'EPP ? Quels sont les outils pour la mener bien ? Autant de points essentiels qui participent au renouvellement des modes d'exercice, synonymes terme d'amélioration des pratiques cliniques. Ouvrage de la collection CPNLF http://www.cpnlf.fr/index_3.html Les clés pour conduire efficacement son évaluation des pratiques professionnelles, quel moment la réaliser, qui s'adresser, comment bénéficier d'actions de FMC dans le cadre d'un programme d'EPP, quels sont les outils pour mener bien son évaluation. **Analyse de pratiques professionnelles et supervision de groupe** Edwige Picard, Bernard Gaillard,2023-01-09 Des dispositifs d'analyse de pratiques professionnelles ou de supervision de groupe se développent largement dans les établissements ducatifs et de soin. Les professionnels de la relation d'aide de l'educatif et du soin sont particulièrement sensibles aux impacts des situations vécues. Ils souhaitent disposer d'un lieu et d'un temps spécifiques pour un retour distancié sur leur pratique. Les références théoriques utilisées sont la psychanalyse et la phénoménologie. Décryptant la complexité des processus conflictuels, l'ouvrage propose une modélisation originale et opérationnelle de l'audit clinique. Évaluation des pratiques professionnelles dans les établissements de santé Agence nationale d'accréditation et d'évaluation en santé (France). Service Evaluation des pratiques,2002
