Profeterne I Evighedsfjorden:

Profeterne i Evighedsfjorden Mads Lidegaard, 2020-01-15 Siden Hans Egede begyndte sit missionsarbejde i Grønland har det grønlandske folk i høj grad accepteret kolonimagtens fortællinger om Gud og de højere magter selvom det var helt anderledes end den folketro der havde været en del af den grønlandske mentalitet i generationer I slutningen af 1700 tallet skete der imidlertid noget som kolonimagten havde svært ved at begribe En religiøs vakkelsesbevægelse formede sig om de to profetergteparret Habakuk og Maria Magdalene i Evighedsfjorden i det afsidesliggende Vestgrønland hvor lokalbefolkningen havde haft nemmere ved at bevare deres religiøse og materielle uafhængighed fra kolonimagten Mads Lidegaard fortæller om dette spændende kapitel af Grønlands historie der kom helt bag på danskerne Mads Lidegaard 1925-2006 var dansk teolog forfatter og husholdningsmand Han skrev en lang række bøger om dansk folkløse Grønland og Himmerland i Jylland Under anden verdenskrig var han aktiv i modstandsbevægelsen Mads Lidegaard var i en række år på Grønland hvor han lærte sig sproget og fik indsigt i den grønlandske kultur og befolkningens vilkår Han var en af de første til at præsentere danskerne for grønlandernes forhold *Profeterne i Evighedsfjorden* Kim Leine, 2012-03-16 Kolonien Sukkertoppen Vestgrønland 1793 En kvinde sparkes ud over en klippe og falder i den Koloniens danske præst Morten Falck langes hjem Hans grønlandske hustru fortæller af vrede og sorg Fjendskabet vokser mellem grønlandere og kolonister Der kommer skib på gang om ret Langt inde i landet er der udbrudt oprør blandt de kristne grønlandere ledet af profeterne Habakuk og Maria Magdalene hans kone De drømmer om frihed lighed og broderskab 4000 km nordvest for Paris og Den Franske Revolution Morten Falck er splittet Skal han hændt ve den danske overmagt eller lade sig beruse af de grønlandske frihedsdrømme Profeterne i Evighedsfjorden er inspireret af virkelige hændelser i det udstrakte danske rige i slutningen af 1700 tallet Den første i København stræder og på grønlandske udsteder tager på rejser og hvalefangst på fodrejse gennem Norge og er vidne til Københavns store brand i 1795 Profeterne i Evighedsfjorden er en stort anlagt fortælling om et kulturmøde på godt og ondt om umuligheden af at finde hjem og om den store drøm om frihed Læs mere om forfatteren Kim Leine **Prophets of Eternal Fjord: A Novel** Kim Leine, 2015-07-13 Winner of the Danish Golden Laurel Award Winner of the Nordic Council Literature Prize Shortlisted for the International DUBLIN Literary Award An ALA RUSA Notable Book Fiction The award winning internationally best selling saga of a Greenlandic community torn apart by the forces of colonialism and the one priest whose wavering guidance will determine its fate From the swarming streets of Copenhagen to the frozen villages of Greenland The Prophets of Eternal Fjord is a grand magisterial story of epic proportion Earning rave reviews and scores of readers across the world Kim Leine's masterpiece sweeping across the sea in a whaler and scurrying panicked from the Great Fire of 1795 arrives on American shores erupting with pathos lust faith lost and found and a cast of characters clinging to life amidst persecution and calamity Idealistic foolhardy Morten Falck the hapless hero is a newly ordained priest sailing to Greenland in 1787 to convert the Inuit to the Danish church He's rejected the prospect of a sleepy posting in a local parish and instead departs for the forsaken

Sukkertoppen colony where he will endeavor to convert the locals A town battered by unrelentingly harsh winters and simmering with the threat of dissent it is a far cry from the parish he envisioned natives from neighboring villages have unified to reject colonial rule and establish their own settlement atop Eternal Fjord A bumbling and at times terrifically destructive mix of Shakespeare's Falstaff and Nathaniel Hawthorne's Arthur Dimmesdale he's woefully ill prepared to confront this new sect Torn between his instinctive compassion for the rebel congregation perched atop Eternal Fjord and his duty to the church Falck is forced to decide where he belongs His exploits in this brutal backwater include an accidental explosion after a night curled around a keg a botched surgery a love affair with a solitary and fatalistic widow and an apprenticeship with an eager young scholar that ends in tragedy Based on authentic events in the 1780s and 90s The Prophets of Eternal Fjord moves from the quiet rooms of the Copenhagen bourgeoisie to the stark hardscrabble village of the Fjord where Falck finds himself surprisingly at home Kim Leine's textured earthy prose evokes the sting of the cold the itch of the wool and the burn of the roughest swig of aquavit In gritty detail Leine reveals the corrosive effects of colonial rule both on the colonized bitterly ground down as they are and on the colonizers compromised and corrupted by their baseless power In rich Dickensian descriptions Leine charts the tragic events that intertwine seemingly disparate lives illuminating the brutal and tender impulses of those seeking redemption and the shifting line between religion and mysticism The Prophets of Eternal Fjord is a visceral panorama of a fragile colony caught in the throes of history marking the American debut of a major international writer

New Dimensions of Diversity in Nordic Culture and Society Jenny

Björklund, Ursula Lindqvist, 2016-04-26 In the new millennium categories of identity have become particularly destabilized with the emergence of a new generation of people in the Nordic region who demand more dynamic and fluid identities New Dimensions of Diversity in Nordic Culture and Society reinvestigates the tired concept of diversity to make room for dynamic new realities as well as the ample new questions to which they give rise This volume assumes diversity to be a fundamental feature of Nordic modernity Given that the Nordic countries consistently rank among the world's wealthiest most educated and most egalitarian these case studies provide important counter narratives to prevailing local and global discourses of Nordicness The contributors not only interrogate historical categories of diversity in a Nordic context including gender sex class ethnicity and race they also show how these categories intersect They examine new forms of and platforms for diverse ideas and creative expression including fluid masculinities digital cultures new media and fashion They question the terms on which the Nordic region's indigenous peoples the Sami and the Greenlandic Inuit as well as stateless people such as the Kurds are brought into Nordic discussions of diversity citizenship and agency and analyze the implications of particular neo nationalist and patriarchal discourses that have emerged since the turn of the century The book draws from a variety of disciplinary perspectives and interdisciplinary fields and will spark productive and critical conversations among all with an interest in the national and regional cultures subcultures and social dynamics that inform modern life in the Nordic region

Profeterne i evighedsfjorden , Rethinking National Literatures and the Literary Canon in Scandinavia Dag

of indigenous population is transformed The figure of the hunter commonly regarded as quintessential Inuit figure is traced back to the efforts of the Greenlandic intelligentsia to distance themselves from the hunting lifestyle by producing an abstract hunter identity in Greenlandic literature

Nordic Cooperation Johan Strang, 2015-07-16 The recent crises in global economy and in European integration have caused a considerable revival of interest in the Nordic Welfare Model However less attention has been given to the ways in which the nations that form Scandinavia or Norden are connected through various forms of inter and transnational cooperation With contributions from a team of experts in the field this volume analyses Nordic cooperation in a European perspective and argues that this special form of transnational cooperation has been crucial in the development of the Nordic Welfare Model In addition it also contends that the Nordic model of transnational cooperation is a relevant case study when pondering the present problems of European integration This text will be of key interest to students researchers and policy makers studying the Nordic Model and transnational cooperation and more generally to those interested in European studies Scandinavian studies welfare studies international relations and regional integration

The Greenland Dilemma Martin Breum, 2015-05-20 This book is about Greenland s rapidly changing role in the world and about it s complex connections to Denmark its former colonizer It is about Greenland s possible secession from the Kingdom of Denmark oil uranium and the difficulties that Greenlanders and Danes often have when they try to talk about their common past and Greenland s place in the new global future The first part of this book builds on my travels and encounters with Greenland s politicians fishermen schoolteachers and intellectuals including my old classmate from Maniitsoq who became a very wise vicar in her hometown and now appears in chapter 3 Through all

these conversations I learned just how dramatic the present wave of changes in Greenland are. Never before did I understand just how complex the desire for increased independence is or how dramatic the clashes between old and new are or how volcanic the debate over which path to choose for the future can be. An insight into these local discussions is surely a prerequisite if one wants to understand the broader discussion about Greenland's future relations to Denmark and its changing role in the world. The second part deals with hard core politics about mining and oil and about the rest of the world's including China's interest in Greenland's oil, gas, uranium, rare earths, gold and other riches. This part of the book grapples with the political in-fights in Greenland and with the power struggles between Denmark and Greenland over resources, foreign policy and identity. Legally for half a century Greenland has been part of the Kingdom of Denmark but also increasingly a very self-conscious one of the sort. My observations flow from my work as a journalist in Greenland and Denmark over the past years where I worked for the Danish Broadcasting Corporation and other media outlets. I am Danish. I lived only two years in Greenland as a teenager but I have come there often in later years. My errand is not to forward any opinion on Greenland's position as a part of the Danish realm nor do I pass judgment on the popular vision of future secession. If anything I hope to throw light on the complexities involved and to encourage more people to take part in this important debate by providing detail, real human beings' facts and observations from places that would for most people outside Greenland be somewhat cumbersome to reach.

Writing the North of the North / L'Écriture du Nord du Nord / Den Norden des Nordens (be-)schreiben Annie Bourguignon, Konrad Harrer, 2019-11-29. The expression North of the North refers both to an objective geographical reality: the territories situated at the highest latitudes on our planet and to a subjective mental construction which came into being many centuries ago and has been developed, modified and differentiated ever since. The chapters in the present volume examine various aspects of that concept, analysing texts and works of art from a range of regions and periods. La notion de Nord du Nord renvoie tout autant la réalité géographique objective que sont les territoires des latitudes les plus élevées de notre planète qu'une construction mentale subjective qui s'est constituée et développée et modifiée au cours du temps. Les contributions du présent volume se proposent d'en explorer les multiples facettes en recourant des textes et œuvres d'art de époques et de provenances diverses. Der Begriff Norden des Nordens verweist sowohl auf eine objektive geographische Wirklichkeit nämlich die in den höchsten Breitengraden unseres Planeten gelegenen Territorien als auch auf eine subjektive mentale Konstruktion die im Laufe der Zeiten entstanden ist sich fortentwickelt und ausdifferenziert hat. Die im vorliegenden Band enthaltenen Beiträge erforschen die vielfältigen Facetten dieses Begriffs anhand von Texten und Kunstwerken aus verschiedenen Regionen und Epochen.

Romantic Norths Cian Duffy, 2017-06-27. This book explores various forms of cultural influence and exchange between Britain and the Nordic countries in the late eighteenth century and romantic period. Broadly new historicist in approach but drawing also on influential descriptions of genre, discipline, mediation, cultural exchange and comparative methodologies, these essays not only

constitute a substantial and innovative contribution to scholarly understanding of the development of romanticisms and romantic nationalisms in Britain and the Nordic countries but also describe a pattern of cultural encounter which was predicated upon exchange and a sense of commonality rather than upon the perception of difference or alterity which has so often been discerned by critical descriptions of British romantic period engagements with non British cultures The volume ought to appeal to a broad and genuinely international academic audience with interests in eighteenth century and romantic period culture in Britain and Scandinavia as well as to undergraduates taking courses in eighteenth century romantic and Scandinavian studies

Religious Reading in the Lutheran North Charlotte Appel, Morten Fink-Jensen, 2011-01-18 Religious Reading in the Lutheran North opens up the doors to a part of early modern European history that has often been overlooked In the Nordic countries an abundance of religious literature in the vernacular was produced in the centuries following the Reformation and reading was almost exclusively taught to children in a Lutheran Protestant setting Literacy rates were high and by the mid eighteenth century around ninety per cent of both men and women could read The eight contributions to the present book investigate different aspects of

religious reading in Denmark Norway Sweden and Greenland looking at the publication and dissemination strategies of authors and clergymen as well as reading habits and interpretations among Scandinavian readers *Rites of Ordination and Commitment in the Churches of the Nordic Countries* Hans Raun Iversen,2006 A unique situation exists in the Nordic countries where there is a Lutheran majority living in ecumenical cooperation with other churches and ecclesiastical communities This book attempts to shed light on what the churches have discovered they hold in common and on areas where they recognise that there are divergencies between them both in relation to ordination and ministry and in particular to the theology and terminology of ordination The book brings together the research and insights of 23 researchers from all the Nordic countries studying more than 200 different kinds of ordination rites from the Orthodox and Roman Catholic as well as Lutheran and non Lutheran protestant traditions After an introduction to the churches in the Nordic countries the book presents 19 case studies from the Nordic countries The last part includes some general ecumenical and liturgical perspectives on ordination and rites presented by international researchers *Britannica Book of the Year 2014* Encyclopaedia Britannica, Inc.,2014-03-01 The Britannica Book of the Year 2014 provides a valuable viewpoint of the people and events that shaped the year and serves as a great reference source for the latest news on the ever changing populations governments and economies throughout the world It is an accurate and comprehensive reference that you will reach for again and again **Profeterne i Evighedsfjorden** Kim Leine,2013
