Jack MayBee Private Detective "Under Attack" Charles E Neuf, CPP,2011-12-19 Jack MayBee a fictional character working real PI case as reported by Charles E Neuf CPP in his case files A continual series of short stoies about real Private Detective case being worked as you are there

Private Investigation and Security Science Frank J. MacHovec,2006 After providing an overview of the history and functions of private investigation and private security services this book provides information and guidance on the knowledge and skills required of a private investigator with attention to the use of the scientific approach The first chapter describes the nature of private investigation with attention to

the evolution of the profession over the years regulation of and standards for the profession and the characteristic of an ideal private investigator and security specialist Terrorism is portrayed as today s new threat with which security specialists must deal The second chapter sets the stage for a scientific approach to the work of security and private investigation It describes the scientific method associated research techniques logical reasoning and how to improve one s memory The scientific method is contrasted with unscientific methods The third chapter focuses on human behavior It contains discussions of the complexity of human behavior personality theories human needs life stages the differences between male and female brains and what is normal A separate chapter addresses abnormal and criminal behavior It considers mental disorders evaluation of mental status causes of abnormal behavior the nature of criminal behavior the use of force continuum the prevention of workplace violence and suicide prevention A chapter on interviewing skills covers planning the voice listening skills word use interaction conversational tactics the cognitive interview and stress interviews Other chapters focus on the art of interrogation writing skills issues of leadership and management court procedures and being a witness and how the private investigator should manage his her professional life in maintaining integrity and ethical behavior in managing the media and in fighting burnout

A MANUAL OF PRIVATE INVESTIGATION TECHNIQUES William F. Blake, 2013-02-01 This book will help the private investigator reevaluate business opportunities and identify goals for the future The world of the private investigator is constantly changing due to the introduction of various legal requirements that have restricted or eliminated some of the methods available for obtaining information such as the various privacy protection acts Additionally most private investigators have restricted their business activities to a response mode that is conducting inquiries after an incident has occurred Their preventive skills have been ignored to their financial detriment As restrictions continue to be placed on private investigative activities private investigators need to reevaluate personal skills and discover how these may relate to expanding their services This book provides the necessary information for learning about these new skill areas and provides the necessary strategies for their implementation Some of the topics cover crime and loss prevention strategies risk assessment and prevention strategies Many other topics are also covered such as that of the expert witness This is not a difficult status to attain but requires unique skill sets and experience and can be highly lucrative Crises management is another skill set that is explored here It not only identifies potential risk areas through risk assessment activities but includes development and implementation of preventive measures and shows how the private investigator can assist in restoring business operations to their normal levels This book will be of enormous help to private investigators who wish to develop these sophisticated investigative business skills and preventive services in order to meet these challenges for surviving and thriving in this modern age industry
