White Women in Racialized Spaces Samina Najmi, Rajini Srikanth, 2012-02-01 At once racially privileged and sexually marginalized white women have been energetic in calling for solidarity among all women in opposing patriarchy but have not been equally motivated to examine their own racial privilege White Women in Racialized Spaces turns primarily to literature to illuminate the undeniable blind spots in white women's comprehension of their advantage The contributors cover extensive historical ground from early captivity narratives of white women in seventeenth century America up to the present day trials of Louise Woodward and Manjit Basuta both British nannies accused of causing the deaths of their infant charges in the United States Their wide ranging discussions also include representations of white women in Native American Latin American African Asian and Middle Eastern contexts The volume ultimately makes the case that by creating alternative scenarios to particular ethical political or emotional problems against which readers and characters test their responses literature forms an ideal vehicle for exploring white women's actual and potential roles in their efforts to undercut the oppressive force of whiteness

Blackness Is Burning critiques the way the politics of recognition and representation appear in popular culture as attempts to humanize black identity through stories of suffering and triumph or tales of destruction and survival Blackness Is Burning is one of the first books to examine the ways race and psychological rhetoric collided in the public and popular culture of the civil rights era In analyzing a range of media forms including Sidney Poitier s popular films black mother and daughter family melodramas Bill Cosby s comedy routine and cartoon Fat Albert pulpy black pimp narratives and several aspects of post civil rights black American culture TreaAndrea M Russworm identifies and problematizes the many ways in which psychoanalytic culture has functioned as a governing racial ideology that is built around a flawed understanding of trying to recognize the racial other as human The main argument of Blackness Is Burning is that humanizing or trying to represent in narrative and popular culture that BlackLivesMatter has long been barely attainable and impossible to sustain cultural agenda But Blackness Is Burning makes two additional interdisciplinary interventions the book makes a historical and temporal intervention because Russworm is committed to showing the relationship between civil rights discourses on theories of recognition and how we continue to represent and talk about race today The book also makes a formal intervention since the chapter length case studies take seemingly banal popular forms seriously She argues that the popular forms and disreputable works are integral parts of our shared cultural knowledge Blackness Is Burning s interdisciplinary reach is what makes it a vital component to nearly any scholar s library particularly those with an interest in African American popular culture film and media studies or psychoanalytic theory **Radical America** ,1992
