MEMOIR: DYNAMITE, CHECK SIX Ray Jones, 2013 This book isn't primarily about relationships There's no romance involved not even any close friendships It's mostly about flying machines and their missions But people are important After all pilots fly the machines There are a lot of characters here that aviation buffs will immediately recognize Lots of record setting test pilots and even some astronauts Older non buffs will also see familiar names an aviation legend first ever moon walkers a couple of popular entertainers a famous TV news anchor and even two former presidential candidates Watch closely some of them just flash past Airplanes star in this tale None of them were perfect but many of them excelled performing their assigned tasks North American Aircraft's F 86F was a beautiful machine But it was also a breathtakingly good MiG killer Because of its fine flying qualities it was fun to fly a sports car among sedans Fairchild Chase Aircraft's C 123B was an outstanding assault transport It was almost perfect for its mission in Vietnam but it could be a real handful for any pilot to fly I have lots of favorite airplanes but Douglas A 1H Skyraider stands out There has never been a better attack fighter in terms of accuracy in iron bomb delivery weapons load carrying ability or endurance Lockheed's F 104A or C models were many pilots' dream machines Their luster dimmed somewhat for me after I flew them But they were certainly suitable for training Test Pilot School students to perform zooms and shuttle aircraft type approaches and landings I'll stop with these four There's much more on airplanes inside about 192 000 words worth That's a lot to slog through and you may find some parts too technical or too detailed Ignore them There are also many numbers but most aren't important Browse for good stuff If you want more info on some airplane Google her up [Airman](#) ,1980 *Flying Magazine* ,1955-08 **Naval Aviation News** ,1998-05 *Flying* ,1997-07 *Flying Magazine* ,2000-03 [Congressional Record Index](#) ,1921 Includes history of bills and resolutions **The Friday Pilots** Don Shepperd, 2014 This is a book of first person stories written by old pilots those who flew the old airplanes in the old air force These are personal stories of growing up in a different America their lives before political correctness back when airplanes were dangerous but flying was fun The group calls themselves the Friday Pilots They gather at McMahon's Prime Steakhouse in Tucson Arizona every Friday for lunch

There are those who finished careers as generals and colonels and majors and captains and even first lieutenants They laugh They exchange stories some true They have become legends in their own minds There are fighter pilots bomber pilots airline pilots corporate pilots and astronauts They have run large companies and been on boards They have been rich and they have been poor They have landed gear up and gear down They have ridden huge rockets into space They have crashed and burned They have been to war They have been blown from the skies have run through jungles and have parachuted into oceans They have been captured and imprisoned as POWs and horribly tortured There are heroes at the table but none will admit it They will tell you they have flown with those who were It seems everyone talks about writing a book The Friday Pilots have done something few do they have written their stories for their families and friends Strap in hold on and enjoy the ride
