Additions and Corrections to Pioneers of Wiregrass, Georgia, Volumes 1-12 ,2013 **Pioneers of Wiregrass Georgia** Folks Huxford,1954 **The New South Comes to Wiregrass Georgia, 1860-1910** Mark V. Wetherington,2002-05 This first book length examination of the Georgia Pine Belt challenges the conventional view of this area as an unchanging economic backwater by examining its postbellum evolution from an independent agricultural economy to one entirely dependent upon a single unstable crop cotton Before the Civil War the Georgia Piney Woods region easily

supported a population of mostly self sufficient yeomen and livestock herders After the war a variety of external forces invaded the region propelling the economy through three stages of social political and economic change that permanently altered the landscape Spearheaded by New South boosters like Henry Grady these invasions were intended to create a South with a diversified economic future bright with industry and self sufficient agriculture The first stage did see economic advancement in the form of transportation routes including railroads that opened up the Pine Belt s forests to the second stage of change industrialized sawmilling and turpentineing This second stage created new jobs but failed to bring in other industries leaving the area dependent upon an industry that destroyed the antebellum open range herding system and brought deforestation within a generation The lumber industry s demise led to the final stage of change which saw New South boosters in an attempt to curtail the economic malaise promoting the deforested lands to a wave of newcomers immigrant cotton farmers from the upcountry hungry for new lands With no other industries to compete with them cotton farmers came to dominate the area s economic life even more than before the Civil War By 1910 few Georgia pinelanders doubted that a New South had arrived but it was not the diversified landscape that Henry Grady and others had originally envisioned It was instead a land of cotton much like the one that had come to dominate life across the rest of the Pine Belt from Virginia to East Texas Mark V Wetherington s in depth study of this region sheds new light on its socioeconomic history and encourages a closer examination of the often ignored histories of other areas **Long Time Gone** Les

Rolston,2017-03-20 Experience the entire Civil War through the eyes of the soldiers North and South Fast paced this very human story reads like you re watching a movie During wartime soldiers never know the whole picture Tracing the surprising parallel lives of childhood friends and kinsmen Elisha Hunt Rhodes of the 2nd R I Regiment and James Rhodes Sheldon of the 50th Georgia Regiment amidst the background of the Civil War from beginning to end Les Rolston has shed new light from primary and secondary sources and added a poignant human touch to history Robert Hunt Rhodes editor of ALL FOR THE UNION THE CIVIL WAR DIARY AND LETTERS OF ELISHA HUNT RHODES as featured in the PBS TV series THE CIVIL WAR by Ken Burns **Huxford Genealogical Society Quarterly** ,1983 *Genealogy of the Folsom Family:*

1638-1988 Elizabeth Knowles Folsom,1989 Genealogy of the Folsom Family Elizabeth Knowles Folsom,1989 "Our Connection with Savannah" Russell K. Brown,2004 From the outset the 1st Battalion Georgia Sharpshooters had problems Much of the trouble lay in the organization of Civil War regiments and companies Most companies in the early years of the war were made up of men from the same town or county The concept of the sharpshooters was alien to this home town tradition Men were asked to leave the comfortable companionship of their neighbors and friends and go into a unit with people they had never met before Despite its uncertain beginning the battalion was molded into a fine unit by the skill and energy of its officers and non commissioned officers The sharpshooters early won the praise of higher level commanders and inspecting officers However as the war dragged on the battalion was reduced in numbers morale and efficiency

Notwithstanding its poor performance in the last months of its life the unit has a high reputation that was well deserved A Civil War veteran and historian called the sharpshooters one of the best drilled and most efficient battalions in the service This book objectively examines the organization leadership and performance of the sharpshooters follows their wartime experiences and devotes considerable attention to the individual soldiers If the story of the 1st Battalion Georgia Sharpshooters has not been a well known story it is now *Burch, Harrell and Allied Families* Marilu Burch Smallwood, 1968 These volumes of family history and genealogical data are each arranged in alphabetical order by surname and by various generations chronologically under each surname
