Place-Based Science Teaching Whitney Aragaki, Kirstin J. Milks, 2025-09-16
Jumpstart your imagination and transform your science classroom by centering place-based learning. Identity, community, and place are tightly connected and can be leveraged to deepen science learning for students. *Place Based Science Teaching* offers K-12 science educators an innovative approach to building learning experiences that embrace the rich and varied knowledge held by people both past and present about the places we call home. This book helps teachers to foster greater personal investment of students in their learning as well as develop NGSS-informed authentic problem-solving and critical reasoning skills. The book will also help teachers create and find joy in their classrooms by connecting lessons to local environments, cultural heritage, and global issues. Written by nationally recognized STEM educators Whitney Aragaki and Kirstin Milks, the book blends inspiring storytelling with practical frameworks and resources. Chapters will take you behind the scenes into innovative classrooms, detailing high-impact standards-aligned activities and sharing educator stories from diverse settings. Grounded in cutting-edge research and real-world examples, *Place Based Science Teaching* introduces the Place Based Science Teaching Framework that asks where are you, when are you, who are you, and who are we together as a way to connect learning to local and global contexts.

Provides classroom ready lessons and case studies from many educational settings aligned with NGSS and centered on belonging access and engagement Offers strategies for virtual spaces and digital perspectives to enhance teaching in an increasingly online world Includes actionable reflection prompts designed to help teachers explore their own positionality and better connect with their students and communities This book will encourage educators and administrators alike to transform science learning into an opportunity for building empathy connection and hope Place Based Science Teaching is designed to help teachers foster a sense of place and stewardship among their students and address peace and justice focused solutions that encourage students to care for their communities think critically about global challenges and develop the agency to lead for generations to come **Marvel Crafts** DK,2025-08-26 Calling all crafters and wannabe Super Heroes alike Features 100 creative projects and activities including art puzzles games papercraft and more With photography and clear step by step illustrated instructions Marvel Crafts guides you through each project enabling you to craft your way through exciting projects that will spark creativity and bring your love of Marvel Comics to life Enjoy making creations themed around your favorite Marvel Super Heroes including Create your own Avengers masks Doc Ock s pool noodle tentacles Ms Marvel s stretchy slime Captain America s shield flying disc This activity book features extension tips to add to your creations handy template pages at the back of the book and beloved characters such as Spider Man Black Panther Ms Marvel Hulk Black Widow Captain America and many more This is the perfect gift for Marvel fans ages 7 10 to get their creativity flowing and their imaginations soaring 2025 MARVEL *Growing with Gardening* Bibby Moore,2018-06-15 Growing with Gardening offers step by step guidance in planning a year round horticultural program for therapy recreation or education Developed under the auspices of the North Carolina Botanical Garden it features more than 250 activities organized by month ranging from designing a raised plant bed and building a wheelchair accessible garden to constructing a plant press and creating crafts from natural plant materials More than 200 illustrations complement the clear concise text Wildlife, Wildflowers, and Wild Activities Jennifer A.
