Elite White Men Ruling Joe Feagin, Kimberley Ducey, 2017-04-07. This book examines the who, what, when, where, and how of elite white male dominance in U.S. and global society. In spite of their domination in the United States and globally, that we document herein, elite white men have seldom been called out and analyzed as such. They have received little to no explicit attention with regard to systemic racism issues as well as associated classism and sexism issues. Almost all public and scholarly discussions of U.S. racism fail to explicitly foreground elite white men or to focus specifically on how their interlocking racial, class, and gender statuses affect their globally powerful decisionmaking. Some of the power positions of these elite white men might seem obvious, but they are rarely analyzed for their extraordinary significance. While the principal focus of this book is on neglected research and policy questions about the elite white male role and dominance in the system of racial oppression in the United States and globally, because of their positioning at the top of several societal hierarchies, the authors periodically address their role and dominance in other oppressive e.g. class, gender hierarchies.

Unfaithful Carol Faulkner, 2019-09-20. In her 1855 fictionalized autobiography, Mary Gove Nichols told the story of her emancipation from her first unhappy marriage during which her husband controlled her body, her labor, and her daughter. Rather than the more familiar metaphor of prostitution, Nichols used adultery to define loveless marriages as a betrayal of the self, a consequence far more serious than the violation of a legal contract. Nichols was not alone. In *Unfaithful*, Carol Faulkner places this view of adultery at the center of nineteenth-century efforts to redefine marriage as a voluntary relationship in which love alone determined fidelity. After the Revolution, Americans understood adultery as a sin against God and a crime against the people. A betrayal of marriage vows, adultery was a cause for divorce in most states as well as a basis for civil suits. Faulkner depicts an array of nineteenth-century social reformers who challenged the restrictive legal institution of marriage, redefining adultery as a matter of individual choice and love. She traces the beginning of this redefinition of adultery to the evangelical ferment of the 1830s and 1840s, when perfectionists like John Humphrey Noyes, founder of the Oneida Community, concluded that marriage obstructed the individual's relationship to God. In the 1840s and 1850s, spiritualist, feminist, and free love critics of marriage fueled a growing debate over adultery and marriage by emphasizing true love and consent. After the Civil War, activists turned the act of adultery into a form of civil disobedience, culminating in Victoria Woodhull's publicly charging the Reverend Henry Ward Beecher with marital infidelity. *Unfaithful* explores how nineteenth-century reformers mobilized both the metaphor and the act of adultery to redefine marriage between 1830 and 1880 and the ways in which their criticisms of the

legal institution contributed to a larger transformation of marital and gender relations that continues to this day
