*Ideography and Chinese Language Theory* Timothy Michael O'Neill, 2016-07-11 This book is a much needed scholarly intervention and postcolonial corrective that examines why and when and how misunderstandings of Chinese writing came about and showcases the long history of Chinese theories of language Ideography as such assumes extra linguistic trans historical universal ideas which are an outgrowth of Platonism and thus unique to European history Classical Chinese discourse assumes that language and writing is an arbitrary artifact invented by sages for specific reasons at specific times in history Language by this definition is

an ever changing technology amenable to historical manipulation language is not the House of Being but rather a historically embedded social construct that encodes quotidian human intentions and nothing more These are incommensurate epistemes each with its own cultural milieu and historical context By comparing these two traditions this study historicizes and decolonializes popular notions about Chinese characters exposing the Eurocentrism inherent in all theories of ideography Ideography and Chinese Language Theory will be of significant interest to historians sinologists theorists and scholars in other branches of the humanities

*Writing Systems and Phonetics* Alan Cruttenden, 2021-03-16 Writing Systems and Phonetics provides students with a critical understanding of the writing systems of the world Beginning by exploring the spelling of English including how it arose and how it works today the book goes on to address over 60 major languages from around the globe and includes detailed descriptions and worked examples of writing systems which foreground the phonetics of these languages Key areas covered include the use of the Latin alphabet in and beyond Europe writing systems of the eastern Mediterranean Greek and its Cyrillic offshoot Arabic and Hebrew languages in south and south east Asia including Hindi Tamil Burmese and Thai as well as in east Asia including Chinese Japanese and Korean reflections on ancient languages such as Sumerian Egyptian Linear B and Mayan a final chapter which sets out a typology of writing systems All of the languages covered are contextualised by authentic illustrations including road signs personal names and tables to demonstrate how theoretical research can be applied to the real world Taking a unique geographical focus that guides the reader on a journey across time and continents this book offers an engaging introduction for students approaching for the first time the phonetics of writing systems their typology and the origins of scripts

*The Chinese Writing System in Asia* Yu Li, 2019-11-04 The Chinese Writing System in Asia An Interdisciplinary Perspective integrates a diverse range of disciplinary approaches in examining how the Chinese script represents and actively shapes personal and social identities in and beyond Asia It is an ideal read for students and scholars interested in a broad and culturally rich introduction to research on the Chinese writing system It can also serve as the main text of an undergraduate course on the subject Key features of this volume include Insights from studies of the Chinese writing system in linguistics script reform and technology gender identity literature and the visual arts Examples embedded in inquiries of the cultural history and contemporary society of Asia Rigorous yet accessible discussions of complex concepts and phenomena that assume no prior knowledge of Asian languages or linguistics Supplementary multimedia materials and resources including instructional support available online
