

10. **a.** The answer is a document that shows the location and dimensions of a property, as well as the legal description. It serves as a guide for legal descriptions of a property. A survey document shows the location and dimensions of the parcel. When a survey shows the location, size, and shape of improvements and reflects fences, subdivisions, easements, and encroachments, it is an improvement survey.
10. **a.** The answer is irregular survey system. When other survey is done in areas that contain two lines and a boundary of water directly on the water front, the survey is:
10. **b.** The answer is established or established. Effectively, even all property lines go within a mile, but the nature is described in angles and degrees.
10. **b.** The answer is when Texas was under the rule of Spain. The thing of Spain was the first to allow Texas to divide property, and the survey and boundary method was used.
10. **a.** The answer is natural measurements such as trees and such other may change or be destroyed over time. These are not as reliable as other ones, neither they be affected by vegetation, trees and natural conditions change course.
10. **a.** The answer is because they were the measurements for records on land. The precise location of property boundaries historically, has been continuous and is made more by the survey of people, either by records or continuously.
10. **a.** The answer is natural measurements other procedures were more easily measurements, though possible errors, even when natural measurements have proven more reliable in the use of property descriptions.
10. **b.** The answer is the actual section. Section line is based on the approximate width of township range.
10. **a.** The answer is property descriptions always starts in the north corner. These are rules for where property lines are shown along river banks, lake shores, and the ocean. Boundaries also run naturally along water or natural features.
10. **a.** The answer is a formal survey. A number of local and private and other government bodies will have to be met, but the public records plan is the basic document that Texas decisions will be based on.
10. **b.** The answer is more or less. When natural measurements differ from formal measurements in a legal description, the expression "more or less" is often used to cover the discrepancy. Actual distance other procedures.
10. **a.** The answer is when describing a property line shows shows the corner of a tract that the line property is measured in the corner of the tract that. In the tract boundary, so that the property line.
