Porsche 70 Years Randy Leffingwell, 2017-08-01 There is something for every Porsche enthusiast in *Porsche 70 Years* whether rear engine 911 loyalist, race fan or follower of contemporary vehicles. Fasten your seatbelt and hit the gas. Porsche is one of the most important and iconic automotive manufacturers in history. From its first 356 to today's technical tour de force the 918, Porsche has advanced from strength to strength for nearly seven decades. In *Porsche 70 Years* there is no substitute. Author Randy Leffingwell offers a richly illustrated and detailed book that captures the full story of one of the world's leading automotive companies. Beautiful contemporary photos and rare historical images accompany in-depth analyses of milestone cars and events. Created with Porsche's cooperation, the book brings to light the engineering and design stories behind Stuttgart's most famous cars such as the 356, 904, 917, 911, 928, 935, 956 and others, as well as its key players. Comprising the most comprehensive overview of the company's entire history, *Porsche 70 Years* truly has no substitute.

Considerable savings on garage charges can be made and one can drive in safety and confidence knowing the work has been done properly. Comprehensive step by step instructions and illustrations are given on most dismantling, overhauling and assembling operations. Certain assemblies require the use of expensive special tools, the purchase of which would be unjustified. In these cases information is included but the reader is recommended to hand the unit to the agent for attention. Throughout the Manual hints and tips are included which will be found invaluable and there is an easy to follow fault diagnosis at the end of each chapter. Whilst every care has been taken to ensure correctness of information it is obviously not possible to guarantee complete freedom from errors or omissions or to accept liability arising from such errors or omissions. Instructions may refer to the righthand or lefthand sides of the vehicle or the components. These are the same as the righthand or lefthand of an observer standing behind the vehicle and looking forward. *Porsche Workshop Manual* Dr. Ing. h. c. F.
