Buthelezi,2004 This book is about seven African nurse pioneers in KwaZulu Natal from 1920 to 2000 The author captures the
early nursing activities of the 1920s to 1970 and then moves to nurses that entered the health services in the 1950s The
author also presents two nurses that worked outside South Africa i e did their pioneering nursing in Saudi Arabia and the
United States of America The author does not scoop nursing out of its context but creates a narrative that resonates in lived
experiences in a world dominated by the Africanization of poverty the feminization of poverty globalization racism and
xenophobia **Towards a Plan for Kwazulu: The written report** Thorrington-Smith, Rosenberg, and McCrystal,1978

Mental Institutions, and the Mad in Apartheid South Africa Tiffany Fawn Jones,2012-05-23 In the late 1970s South African
mental institutions were plagued with scandals about human rights abuse and psychiatric practitioners were accused of
being agents of the apartheid state Between 1939 and 1994 some psychiatric practitioners supported the mandate of the
racist and heteropatriarchal government and most mental patients were treated abysmally However unlike studies worldwide
that show that women homosexuals and minorities were institutionalized in far higher numbers than heterosexual men
Psychiatry Mental Institutions and the Mad in Apartheid South Africa reveals how in South Africa per capita white
heterosexual males made up the majority of patients in state institutions The book therefore challenges the monolithic and
omnipotent view of the apartheid government and its mental health policy While not contesting the belief that human rights
abuses occurred within South Africa s mental health system Tiffany Fawn Jones argues that the disparity among practitioners
and the fluidity of their beliefs along with the disjointed mental health infrastructure diffused state control More importantly
the book shows how patients were also to a limited extent able to challenge the constraints of their institutionalization This
volume places the discussions of South Africa s mental institutions in an international context highlighting the role that
international organizations such as the Church of Scientology and political events such as the gay rights movement and the
Cold War also played in shaping mental health policy in South Africa **Kwazulu Government Diary** Kwazulu (South
