Red on Red Craig S. Womack,1999 How can a square peg fit into a round hole It can t How can a door be unlocked with a pencil It can t How can Native literature be read applying conventional postmodern literary criticism It can t That is Craig Womack s argument in Red on Red Indian communities have their own intellectual and cultural traditions that are well equipped to analyze Native literary production These traditions should be the eyes through which the texts are viewed To analyze a Native text with the methods currently dominant in the academy according to the author is like studying the stars with a magnifying glass In an unconventional and piercingly humorous appeal Womack creates a dialogue between essays on Native literature and fictional letters from Creek characters who comment on the essays Through this conceit Womack demonstrates an alternative approach to American Indian literature with the letters serving as a Creek chorus that offers answers to the questions raised in his more traditional essays Topics range from a comparison of

contemporary oral versions of Creek stories and the translations of those stories dating back to the early twentieth century to a queer reading of Cherokee author Lynn Riggs's play *The Cherokee Night* Womack argues that the meaning of works by native peoples inevitably changes through evaluation by the dominant culture *Red on Red* is a call for self-determination on the part of Native writers and a demonstration of an important new approach to studying Native works one that engages not only the literature but also the community from which the work grew American Literature Robert Shafer, 1926 **The Critic**, 1887 The Critic Jeannette Leonard Gilder, Joseph Benson Gilder, 1887 **Morphosyntactic Issues in Second Language Acquisition** Danuta Gabryś-Barker, 2008-05-14 The volume consists of articles on issues relating to the morphosyntactic development of foreign language learners from different L1 backgrounds in many cases involving languages which are typologically distant from English such as Polish Greek and Turkish It highlights areas which may be expected to be especially transfer prone at both the interlingual and intralingual levels The articles in the first part report empirical studies on word morphology and sentence patterns and also look at the interface of lexis and grammar in the discourse and syntactic processing of foreign language learners The second part elaborates on pedagogical issues concerning the acquisition of difficult grammatical features such as the English article system or the s ending in the third person singular It also comments more generally on the way pedagogic grammar functions in the learning of the L2 **Red Sky, Red Dragonfly** John Galligan, 2011-08-23 In the hours before his sayonara party a handsome young American vanishes from the Japanese village where he has been the first ever foreign English teacher The first result is a throng of disappointed women But when Stuart Norton fails to show up back home in Utah or anywhere else his disappearance quickly becomes more ominous Something bad has happened to the town's first and only foreign teacher The town is Kitayama a beleaguered old castle town in the northern snow country Stuart's disappearance threatens the Kitayama International Business Plan and loyal town fathers scramble to squelch the mystery and preserve their tenuous grasp on modernization Thus Stuart's problems in Kitayama are effectively hidden leaving it to the next teacher grizzled Tommy Morrison to grope his way to the truth A refugee from a shattered inter-racial marriage and a fizzled pro hockey career Tommy MacArthur can feel the young man's torment He is also rebellious enough to defy town fathers and explore the fate of his countryman As his own teenage son becomes a runaway in the United States Tommy latches on to Stuart's case and sees it through to its heartbreaking conclusion Tommy makes three Japanese friends along the way and their viewpoints inform the story Wealthy old Yoichi Ono believes in a ghost named Kappa and he may have reason Noriko Yamaguchi Tommy's miserably married handler shows him the love hotel And a vast ex-sumo wrestler Yohei Wada placidly steers them all toward the heart of things Together they assemble the pieces of Stuart's tortured final days Then they climb the local mountain and within the gloom and isolation of an ancient shrine they find the young man's body hanged But Tommy has made enemies along the way too And as the truth about Stuart's anguish and suicide is at last revealed Kitayama officials quietly arrange for Tommy's deportation The parting
