

Poverty

The causes of poverty are both internal and external, mostly external. There are few who do not want to work, but mostly people are willing to work at any price and alas there is problem of unemployment. Laborers are treated as bonded labor. Feelings of compassion, pity and sympathy have totally vanished. Then there is inflation. From 1960 to 2015 there has been 1000% inflation and in comparison, to that, there have been no sources of employment available to all.

Moreover, people who are affluent and resourceful and can help, feel no mercy, no compassion towards these downtrodden people. It does not mean that all are cruel or indifferent. There are many N.G.O.s. working for the upliftment of the poor. There are many people who are doing charity work individually and trying to educate the poor or give them vocational education and there are women social workers also working in slum areas to uplift the conditions of the poor.

Unequal distribution of wealth between the rich and poor is the result of inflation and corruption.
