The State and Cosmopolitan Responsibilities Richard Beardsworth, Garrett Wallace Brown, Richard Shapcott, 2019-06-06
This book explores the role that states might play in promoting a cosmopolitan condition as an agent of cosmopolitanism rather than an obstacle to it In doing so the book seeks to develop recent arguments in favour of locating cosmopolitan moral and political responsibility at the state level as either an alternative to or a corollary of cosmopolitanism as it is more commonly understood qua requiring transnational or global bearers of responsibility As a result the contributions in this volume see an on going role for the state but also its transformation perhaps only partially into a more cosmopolitan minded institution instead of a purely national or particularistic one It therefore makes the case that the state as a form of political community can be reconciled with various form of cosmopolitan responsibility In this way the book will address the question of how states in the present and in the future can be better bearers of cosmopolitan responsibilities INS and the Executive Office for Immigration Review United States.
