Report On Policy Coherence For Development:

Policy Coherence in Development Co-operation Jacques Forster, Olav Schram Stokke, 2013-09-13 In the 1990s a shared conviction emerged among aid donors that their policies should be more coherent The drive towards increased policy coherence came as a response to a state of policy incoherence The shifting grounds of policy coherence in development co operation are outlined in this volume *Better Aid Managing Aid Practices of DAC Member Countries* OECD, 2009-05-18 This book outlines what individual donor countries are doing to fulfill their development co operation ambitions and their part of international agreements OECD Development Co-operation Peer Reviews OECD Development Assistance Peer Reviews: Spain 2011 OECD, 2013-08-12 The OECD Development Assistance Committee s periodic peer review of Spain s development assistance programme OECD Development Co-operation Peer Reviews: Slovenia 2017 OECD, 2017-07-26 This review assesses the performance of Slovenia including looking at how Slovenia might increase the impact of its aid through a tighter thematic focus and geographic footprint a stronger focus on results and better mainstreaming of gender and environment across its development co operation *Department for International Development annual report 2007* Great Britain: Parliament: House of Commons: International Development Committee, 2007-11-15 The Committee s report reviews the Department for International Development s 2007 annual report HCP 514 session 2006 07 ISBN 9780102945195 focusing on issues of efficiency and effectiveness The Committee welcomes the increase in the DFID s budget under the Comprehensive Spending Review Settlement for 2008 11 in line with the target of 0.7 per cent of Gross National Income to be allocated to Official Development Assistance by 2013 However it notes the significant challenge for DFID in using this funding effectively when it is also required to reduce its administrative costs and therefore staff numbers at a time when its focus is shifting increasingly towards fragile states where providing assistance is resource intensive Concerns are raised that DFID continues to emphasise inputs rather than outcomes although DFID s new Public Service Agreement Delivery Agreement and the plans to establish the Independent Advisory Committee on Development Impact should make it easier to identify whether DFID s expenditure is effective in reducing poverty in developing countries Four areas for improvement in DFID s work are highlighted relating to gender equality climate change governance and agricultural development **OECD Development Co-operation Peer Reviews OECD Development Assistance Peer Reviews: Netherlands 2011** OECD, 2013-08-05 The OECD Development Assistance Committee s periodic peer review of the Netherlands development assistance programme *Handbook of Regulatory Impact Assessment* Claire A. Dunlop, Claudio M. Radaelli, 2016-04-29 Regulatory impact assessment RIA is the main instrument used by governments and regulators to appraise the likely effects of their policy proposals This pioneering Handbook provides a comparative and comprehensive account of this tool situating it in the relevant theoretical traditions and scrutinizing its use across countries policy sectors and policy instruments Comprising six parts university researchers international consultants and practitioners working in international

organizations examine regulatory impact assessment from many perspectives which include research traditions in the social sciences implementation regulatory indicators and effects tools and dimensions such as courts and gender sectoral case studies including environment enterprise and international development international diffusion in the European Union EU Americas Asia and developing countries appraisal training and education With its wealth of detail and lessons to be learned the Handbook of Regulatory Impact Assessment will undoubtedly be of great value to practitioners and scholars working in governance political science and socio legal studies

Policy Coherence for Development, 2019 Policy coherence for development PCD constitutes a key pillar of European Union EU efforts to enhance the positive impact and increase effectiveness of development cooperation This concept of policy coherence in support of development objectives was introduced in EU fundamental law in 1992 with the Treaty of Maastricht and was further reinforced in the Treaty of Lisbon in 2009 Through this report the Commission is taking stock of what has been done at EU and at its Member States level concerning PCD over the period 2015 2018 As was the case for previous PCD reports this report is a collaborative effort on the basis of contributions from the EU Member States the European Commission and the European External Action Service EEAS This report also aims to frame PCD within the global changing development context and notably the evolution from the millennium development goals to the sustainable development goals SDGs and the adoption of the 2030 Agenda for Sustainable Development The 2030 Agenda implied a new perspective for PCD and consequently the Commission adapted its approach and reporting on PCD accordingly to align with this paradigm shift in development cooperation ensuring that PCD remains relevant in such an evolving policy framework
