Report On Princess Diana:

Diana Inquest: How and Why Did Diana Die? John Morgan, 2009-08-27 Princess Diana survived the 12 23 a m crash in Paris witness and photographic evidence clearly showed she was alive conscious and talking in the back of the Mercedes Yet just after 4 a m Diana was pronounced dead What occurred in the intervening 3 1 2 hours that brought on her premature death Are there people who should be held accountable for what occurred on that final tragic night Based on the evidence heard during the inquest The Untold Story reveals to the public for the first time the minute by minute events that were occurring both inside and outside Diana s ambulance It establishes the surprising truth of precisely what led to Diana being virtually dead when she finally arrived at the hospital at 2 06 a m 1 hour and 43 minutes after the crash This 2nd volume of The Untold Story reveals the evidence that the 2008 inquest heard regarding medical treatment and motives and finally answers the two most important questions regarding Princess Diana s death How and Why Japan Report ,1985 **Diana Inquest** John Morgan, 2009 The Untold Story exposes high level corruption in the 21st century British justice system It reveals how judicial corruption led to a seriously flawed verdict at the inquest into the deaths of Princess Diana and Dodi Fayed It provides a thorough record of the key evidence that was heard by the inquest jury and details the 143 important witnesses who were not heard from during the inquest The book reveals the critical relevance of the evidence from the original police statements that the jury were prevented from having access to This untold story destroys the perception that the inquest achieved justice for the deceased occupants of the crashed Mercedes It clearly outlines the methods employed by the royal coroner to continually manipulate the jury throughout the six months of the inquest This is the gripping true account of a judiciary hell bent on ensuring that the jury would not be permitted to return a verdict of murder in the most significant and high profile inquest of our modern era **Diana: Case Solved** Dylan Howard, 2019-09-17 This particular phase in my life is the most dangerous My husband is planning an accident in my car brake failure and serious head injury in order to make the path clear for him to marry Letter written by Princess Diana late 1996 It is a moment that remains frozen in history When the Mercedes carrying Diana Princess of Wales spun fatally out of control in the Pont de l Alma tunnel in Paris in August 1997 the world was shocked by what appeared to be a terrible accident But two decades later the circumstances surrounding what really happened that night and crucially why it happened remain mired in suspicion controversy and misinformation Until now Dylan Howard has re examined all of the evidence surrounding Diana s death official documents eyewitness testimony and Diana s own private journals as well as amassing dozens of new interviews with investigators witnesses and those closest to the princess to ask one very simple question Was the death of Princess Diana a tragedy or treason Diana Case Solved has uncovered in unprecedented detail just how much of a threat Diana became to the establishment In these pages you will learn of the covert diaries and recordings she made logging the Windsors most intimate secrets and hidden scandals as a desperate kind of insurance policy You will learn how the royals were not the only

powerful enemies she made as her ground breaking campaigns against AIDS and landmines drew admiration from the public but also enmity from powerful establishment figures including international arms dealers the British and American governments and the MI6 and the CIA And in a dramatic return to the Parisian streets where she met her fate the two questions that have plagued investigators for over twenty years will finally be answered Why was Diana being driven in a car previously written off as a death trap And who was really behind the wheel of the mysterious white Fiat at the scene of the crash

Diana Inquest: The French Cover-Up John Morgan, 2012-06-02 Diana Inquest The French Cover Up is the gripping story of how a culture of corruption and cover up was endemic throughout the investigation into the deaths of Princess Diana and Dodi Fayed It tracks the French investigation right from the initial minutes after the crash inside the Alma Tunnel through to the conclusion by Judge St phan in September 1999 The culture of cover up that surrounded the early investigations into the crash is revealed in striking detail for example the thorough cleansing of the crash scene within several hours of the crash Using witness and documentary evidence including what was heard during the 2008 inquest this volume reveals that Henri Paul the driver of the Mercedes was not drunk This book reveals the major difficulties faced by the inquest jury substantial portions of the most critical evidence were withheld from them This eventually resulted in a seriously flawed verdict in one of the most important jury inquests of our modern era

Cover-up of a Royal Murder John Morgan, 2007 Exposes one of the greatest cover ups of our time Provides credibility to the lingering doubts of a large section of the British and international public regarding the official line on the causes of the Paris crash Deals with many of the troubling questions that have risen since the death of Diana Lays down a huge challenge to those who believes the death of Diana Princess of Wales was just a tragic accident back cover

Chasing Diana: The Untold Story Behind the Tragic Pursuit Zahid Ameer, 2024-10-23 Chasing Diana The Untold Story Behind the Tragic Pursuit delves deep into the harrowing events leading to Princess Diana s tragic death on August 31 1997 This comprehensive account uncovers the truth behind the infamous car crash shedding light on the high speed chase through Paris the role of the paparazzi and the fateful decisions made by driver Henri Paul Explore the controversies conspiracy theories and investigations that followed as well as the lasting impact of Diana s legacy on media ethics celebrity privacy and the world at large Perfect for readers interested in royal history celebrity culture and untold stories surrounding one of the most shocking events in modern history

Press standards, privacy and libel Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2010-02-24 The Committee s inquiry addresses concerns that the operation of libel laws and the impact of costs were stifling press freedom It also considers the balance between personal privacy and press freedom and the increasing use of injunctions and super injunctions It also examines press standards in the UK particularly considering Madeleine McCann s disappearance the suicides in and around Bridgend in 2008 and phone hacking and blagging The Committee does not consider that it would be right to legislate on privacy The Press Complaints Commission PCC should amend its Code to

include a requirement that journalists notify the subject of their articles prior to publication subject to a public interest test The report also assesses the damage so called libel tourism has caused to the UK s reputation as a country which protects free speech and freedom of expression In cases where the UK is not the primary domicile or place of business of the claimant or defendant the claimant should face additional hurdles before being allowed to bring a case There is an urgent need to control defamation litigation costs more effectively Competitive and commercial factors led to an inexcusable lowering of press standards in the gathering and publishing of news about the McCann case and self regulation signally failed The PCC should be renamed the Press Complaints and Standards Commission reflecting its role as a regulator not just a complaints handling service The regulator should have the power to fine its members where it believes that the departure from the Code of Practice is serious enough to warrant a financial penalty
