

Sasken Communication Technologies Limited
Quarter Two Earnings Conference Call, Financial Year 2008-2009
October 16, 2008

Moderator: Good evening Ladies and Gentlemen. I am Manjula, the moderator for this conference. Welcome all to the Q2 earnings call of Sasken. Before we begin, we must point out that certain statements made during the calls concerning Sasken's future growth prospects may be forward-looking statements. Please read the safe-harbor clause in the presentation for full details. I will now hand over to Mr. Rajiv C. Mody, Chairman and CEO, Sasken. Mr. Mody will take you through the financials and the highlights of the quarter, followed by Q&A. For the duration of the presentation, all participants' lines will be in the listen-only mode. After the presentation, the question and answer session will be conducted for participants connected to WebEx International. After that, the question and answer session will be conducted for participants in India. I would like to hand over to Mr. Rajiv C. Mody. Thank you and over to you sir.

Mr. Rajiv C. Mody: Thank you Manjula. Ladies and Gentlemen, good evening to all of you. It is my pleasure to welcome you to the conference call to discuss the business performance of the Sasken Group for the second quarter ended September 2008. I am joined on this call by my colleague Nesta Revankar, CFO; Sri Kannankote, President and Chief Operating Officer; G. Venkatesh, Chief of Strategy and Executive Director of the Board of Sasken; and Hari Iyer, Senior Vice President and Head of HR. Let me begin by summarizing the financial results for the second quarter ended September 2008. The consolidated revenues for the second quarter of fiscal '09 stood at rupees 176.3 crores. This represents an increase of 5% over the previous quarter and an increase of 23% over the corresponding quarter in the last financial year. The telecom software services side of the business contributed rupees 155 crores with a 17% year-on-year growth and a sequential quarter-on-quarter growth of 4%. The products business contributed rupees 20.7 crores for the quarter growing sequentially over the previous quarter by 13% and more than doubling in revenues over the corresponding quarter in the previous financial year. The second quarter EBITDA margins for the company were at 23.3%. The consolidated services EBITDA margins are at 22.3% while the products divisions contributed 8.4 crores in EBITDA at 39.6%. We are on track with respect to meeting the EBITDA margin guidance that was given at the beginning of the year. The profit after tax is Rs. 10.4 crores for

Research Report On Sasken Communication Technologies:

Handbook of Research on Emerging Technologies for Electrical Power Planning, Analysis, and Optimization Shandilya, Smita, Shandilya, Shishir, Thakur, Tripta, Nagar, Atulya K., 2016-02-26 As the demand for efficient energy sources continues to grow around the globe electrical systems are becoming more essential in an effort to meet these increased needs As these systems are being utilized more frequently it becomes imperative to find ways of optimizing their overall function The Handbook of Research on Emerging Technologies for Electrical Power Planning Analysis and Optimization features emergent methods and research in the systemic and strategic planning of energy usage Highlighting theoretical perspectives and empirical research this handbook is a comprehensive reference source for researchers practitioners students and professionals interested in the current advancements and efficient use in power systems

Next Generation Data Communication Technologies: Emerging Trends Saha, Debashis, Sridhar, Varadharajan, 2011-12-31 This book contains case studies theories and empirical research aimed to assist individuals and organizations in understanding the critical concepts of data networking and communications Provided by publisher

Web-Based Multimedia Advancements in Data Communications and Networking Technologies Sridhar, Varadharajan, Saha, Debashis, 2012-08-31 This book highlights comprehensive research that will enable readers to understand manage use and maintain business data communication networks more effectively Provided by publisher

Multidisciplinary Perspectives on Telecommunications, Wireless Systems, and Mobile Computing Hu, Wen-Chen, 2013-11-30 The development of new information and communication technologies has a considerable impact on the way humans interact with each other and their environment The proper use of these technologies is an important consideration in the success of modern human endeavors

Multidisciplinary Perspectives on Telecommunications Wireless Systems and Mobile Computing explores some of the latest advances in wireless communication technologies making use of empirical research and analytical case studies to evaluate best practices in the discipline This book will provide insight into the next generation of information and communication technologies for developers engineers students researchers and managers in the telecommunications field

A Unified Framework for Video Summarization, Browsing & Retrieval Ziyong Xiong, Regunathan Radhakrishnan, Ajay Divakaran, Zou Yong-Rui, Thomas S. Huang, 2006-01-16 Large volumes of video content can only be easily accessed by the use of rapid browsing and retrieval techniques Constructing a video table of contents ToC and video highlights to enable end users to sift through all this data and find what they want when they want are essential This reference puts forth a unified framework to integrate these functions supporting efficient browsing and retrieval of video content The authors have developed a cohesive way to create a video table of contents video highlights and video indices that serve to streamline the use of applications in consumer and surveillance video applications The authors discuss the generation of table of contents extraction of highlights different techniques for audio and video marker recognition and indexing with low level features such as color texture and

shape Current applications including this summarization and browsing technology are also reviewed Applications such as event detection in elevator surveillance highlight extraction from sports video and image and video database management are considered within the proposed framework This book presents the latest in research and readers will find their search for knowledge completely satisfied by the breadth of the information covered in this volume Offers the latest in cutting edge research and applications in surveillance and consumer video Presentation of a novel unified framework aimed at successfully sifting through the abundance of footage gathered daily at shopping malls airports and other commercial facilities Concisely written by leading contributors in the signal processing industry with step by step instruction in building video ToC and indices Encyclopedia of Cloud Computing San Murugesan,Irena Bojanova,2016-05-09 The Encyclopedia of Cloud Computing provides IT professionals educators researchers and students with a compendium of cloud computing knowledge Authored by a spectrum of subject matter experts in industry and academia this unique publication in a single volume covers a wide range of cloud computing topics including technological trends and developments research opportunities best practices standards and cloud adoption Providing multiple perspectives it also addresses questions that stakeholders might have in the context of development operation management and use of clouds Furthermore it examines cloud computing s impact now and in the future The encyclopedia presents 56 chapters logically organized into 10 sections Each chapter covers a major topic area with cross references to other chapters and contains tables illustrations side bars as appropriate Furthermore each chapter presents its summary at the beginning and backend material references and additional resources for further information **Annual Report of the Council** Indian Institute of Science, Bangalore,2005

The Telecom Revolution In India Varadharajan Sridhar,2011-11-03 Telecom a phenomenon of the 1990s has been witnessing tremendous growth contributing to more than 2 per cent of India s GDP Once considered a luxury it is now accessible to all sections of society Penetrating to even the remotest corners of the country it is now propelling a revolution Next to China India is today the second largest telecom market in the world This book highlights the unique cost structure tariff regulation and universal service obligations of basic telecom services It dwells upon the different stages of spectrum allocation and management including third generation and broadband wireless services The trade off between competition and industry efficiency due to limited spectrum availability and fragmentation is well emphasized The value chain of the broadcasting sector and unique satellite applications are assessed The book cites success stories of cost effective operator services The reasons for the lagging manufacturing sector in the telecom industry are carefully delineated Finally alliances and partnerships amongst different entities in the sector are analysed First International Conference on Optical Communications and Networks (ICOON 2002) Cambyse Guy Omidyar,H. Ghafouri-Shiraz,W. D. Zhong,2002 Optical communications networks are becoming increasingly important as there is demand for high capacity links Dense wavelength division multiplexing DWDM is widely deployed at the core networks to accommodate high capacity transport systems

Optical components such as optical amplifiers tunable filters transceivers termination devices and add drop multiplexers are becoming more reliable and affordable Access and metropolitan area networks are increasingly built with optical technologies to overcome the electronic bottleneck at network edges New components and subsystems for very high speed optical networks offer new design options The proceedings of the First International Conference on Optical Communications and Networks present high quality recent research results in the areas of optical communications network components architectures protocols planning design management and operation Optical Communications And Networks (With Cd-rom): Proceedings Of The First International Conference On Icocon 2002 Cambyse Guy Omidyar,W D Zhong,Hooshang Ghafouri-shiraz,2002-10-23 Optical communications networks are becoming increasingly important as there is demand for high capacity links Dense wavelength division multiplexing DWDM is widely deployed at the core networks to accommodate high capacity transport systems Optical components such as optical amplifiers tunable filters transceivers termination devices and add drop multiplexers are becoming more reliable and affordable Access and metropolitan area networks are increasingly built with optical technologies to overcome the electronic bottleneck at network edges New components and subsystems for very high speed optical networks offer new design options The proceedings of the First International Conference on Optical Communications and Networks present high quality recent research results in the areas of optical communications network components architectures protocols planning design management and operation *High Performance Computing - HiPC 2007* Srinivas Aluru,Manish Parashar,Ramamurthy Badrinath,Viktor K. Prasanna,2008-01-22 This book constitutes the refereed proceedings of the 14th International Conference on High Performance Computing HiPC 2007 held in Goa India in December 2007 The 53 revised full papers presented together with the abstracts of five keynote talks were carefully reviewed and selected from 253 submissions The papers are organized in topical sections on a broad range of applications including I O and FPGAs and microarchitecture and multiprocessor architecture New Age Marketing Upinder Dhar,2008 The theme of NICOM 2008 being held between January 9 to 11 2008 is Strategies and Trends in Marketing A New Economy Perspective The issues challenges and dimensions of the emerging scenario are grouped into the following sub themes Marketing Information System brings together scholarly contributions on Marketing Research and Analytics Business Intelligence and Forecasting Tools Data Mining in Marketing and Decision Support System Knowledge Management and Environment Sensing for Marketing The sub theme Value Creation New Paradigms has deliberations on Marketing Innovations Trends in Pricing Strategy Diffusion of New Products and Marketing Mix Decisions Value Delivery in Marketing covers topics on Disintermediation Re intermediation Managing Marketing Channels Logistics and Technology and 3PL and 4PL Managing Marketing Communication looks at Managing Brands Changing Face of Advertising Marketing Communication on Internet Managing Content and Blogging The New Marketing Tool Marketing Metrics gets together papers on measuring Performance Expectations Customer Satisfaction Loyalty and Preferences Awareness Attitudes and

Usage Business Markets in New Economy looks at Business Integration Managing Suppliers E Marketplaces Extended Organization and Managing Procurement Marketing and Technology debates on the issues in Process Automation Enterprise Resource Planning Customer Relationship Management Managing Customer Data Bases E commerce and Technology Customer Information Security Retail and Technology and Managing Online Services Interdisciplinary Studies gives a platform for Cross Cultural Studies Marketing of Financial Services Marketing of Hospitality and Tourism Marketing of Healthcare Services Managing Services Retail the Changing Face and Ethical Issues in Marketing This book is the result of publication of selected works out of over a hundred papers presented at the Conference It is appropriately titled NEW AGE MARKETING Emerging Realities It is divided into four parts in line with the theme and sub themes of the Conference as follows Part A Marketing and Technology Part B Value Creation and Delivery Part C Changing Face of Marketing Part D Marketing Metrics

FST TCS 2003: Foundations of Software Technology and Theoretical Computer Science Paritosh K Pandya, 2003-12-03 This book constitutes the refereed proceedings of the 23rd Conference on Foundations of Software Technology and Theoretical Computer Science FST TCS 2003 held in Mumbai India in December 2003 The 23 revised full papers presented together with 4 invited papers and the abstract of an invited paper were carefully reviewed and selected from 160 submissions A broad variety of current topics from the theory of computing are addressed ranging from algorithmics and discrete mathematics to logics and programming theory

STOCK MARKET VOLATILITY IN INDIA A Study with reference to Equities Dr. A. Latha, Outlook Profit, 2008-11-14

Stakeholder Adoption of E-Government Services: Driving and Resisting Factors Shareef, Mahmud Akhter, Kumar, Vinod, Kumar, Uma, Dwivedi, Yogesh Kumar, 2011-06-30 This book examines the stakeholders of e government and reveals the stages of growth or service maturity levels shedding light on the paradigms and fundamental discourses of the e government adoption process Provided by publisher

Information Communication Technology and Economic Development Tojo Joseph Thatchenkery, Roger Stough, 2006-01-01 Information Communication Technology and Economic Development provides a quick and broad overview of the Indian ICT sector With its exhaustive examination of the business management and industrial organisation of the ICT sector it is a particularly useful tool for any researcher or policy analyst interested in a thorough analysis of the mechanics of the sector and the Indian context within which it operates Syud Amer Ahmed Papers in Regional Science India has become a highly visible participant in the information communication technology ICT industry Since the 1990s it has been one of the fastest growing economies in the world emerging as the most watched test of global capitalism The contributors to this volume examine how the ICT driven development of India appears to have skipped the middle stages of the traditional economic development models and leapfrogged directly to the final stage whereby growth is mostly technologically driven Information Communication Technology and Economic Development reveals new insights regarding the complex process of globalization It shows how the generation and circulation of intellectual

capital in the US and India in ICT have led to greater productivity in the US while facilitating the economic development of India Most industrialized nations now see the vast intellectual capital based services that India provides at extremely competitive rates as key to their own national competitiveness in the global arena The contributors findings suggest that India s ICT led growth will accelerate in the next ten years launching India as a major global economic power next to the US and China This provocative and timely volume will be a necessary read for students and scholars of international business public policy economic development management and strategy as well as all those interested in the impact of globalization on national and regional economies , **Advantage: How American Innovation Can Overcome the Asian**

Challenge Adam Segal,2012-01-09 Segal presents a contrarian analysis of how the United States can succeed in the technological race with Asia

This is likewise one of the factors by obtaining the soft documents of this **Research Report On Sasken Communication Technologies** by online. You might not require more epoch to spend to go to the book start as competently as search for them. In some cases, you likewise complete not discover the message Research Report On Sasken Communication Technologies that you are looking for. It will completely squander the time.

However below, bearing in mind you visit this web page, it will be in view of that enormously easy to get as without difficulty as download lead Research Report On Sasken Communication Technologies

It will not understand many epoch as we accustom before. You can reach it though law something else at house and even in your workplace. so easy! So, are you question? Just exercise just what we give below as skillfully as evaluation **Research Report On Sasken Communication Technologies** what you like to read!
