Teaching Literacy in Third Grade Janice F. Almasi, Keli Garas-York, Leigh-Ann Hildreth, 2013-10-21 The third grade classroom is a beehive of activity in which young readers transition between emergent and more advanced levels of literacy. This expertly written guide brings to life the rewards and challenges of teaching third graders and helps teachers differentiate instruction for diverse learners. Vividly portraying a week in a highly motivating classroom, the authors present easy-to-use ideas and activities for building fluency, vocabulary, comprehension, writing, and more. Illustrations, reproducible grade-specific resources, and planning tips will make this handy book a boon to third grade teachers every day of the year.

The Big6 Curriculum Michael B. Eisenberg, Janet Murray, Colet Bartow, 2016-05-26 This practical hands-on book explains how to ensure that your students are information and communication technology literate—that is, competent with a range of tools, technologies, and techniques for seeking out and applying information. The importance of teaching information and communication technology (ICT) literacy is clear: without it, students will be ill-equipped to find and use information in all its forms, as well as to produce and present information in all forms. Unfortunately, most ICT literacy educational programs are irregular, incomplete, or arbitrary. Classroom teachers, teacher librarians, and technology teachers need a complete ICT program—one with clearly defined goals and objectives, planned and coordinated instruction, regular and objective assessment of learning, and formal reporting of results. This book explains how to integrate the objectives of ICT literacy into your school's established curricular structure. The book explains the rationale for having a comprehensive ICT program, describes how to develop a Big6 by the Month program, and defines the challenges in the areas of information seeking, strategies, location, and access; use of information; synthesis and evaluation. It also includes templates for grade-level objectives, a scenario plan, program plan, lesson plan, and unit plan summary; evidence and criteria; performance descriptors; a presentation readiness checklist; and Big6 by the Month checklists for instructional leaders, teachers, and teacher librarians.
