important and more satisfying than retirement Financial independence Discover how many days your passive income could support your lifestyle if your score is less than 31 don t quit your day job The more information and choices you have the worse your finances will be There are more financial books magazines journals newspapers radio shows TV shows web sites Podcasts and free information available today yet most of us still feel completely overwhelmed confused and frustrated than before The solution is to cut through the fluff and focus on what really works Budgets don t work Instead Robert offers a ten step process for taking control of one s cash flow While there is careful assessment and prioritization involved budgets are nowhere in sight If it s not possible to save for a child s education and for retirement save for retirement first While retirement may be farther off in the future if people don t save today they ll have no options tomorrow whereas college students have financial aid scholarships and student loans at their disposal And a whole lot more Offering clear practical no nonsense advice along with all the tools needed to implement it THE SIX DAY FINANCIAL MAKEOVER is a comprehensive guide that delivers on Robert s promise to revolutionize the way you think about and invest your money *Kiplinger's Personal Finance* ,2000-02 The most trustworthy source of information available today on savings and investments taxes money management home ownership and many other personal finance topics **Kiplinger's Personal Finance** ,2006
