Beloved by Toni Morrison

During the times of slavery, African Americans endured humiliation, suffering, and pain. In the novel *Beloved*, Toni Morrison shows us the side effects of a mother of young children made the decision to murder her children then to let them get put back into slavery. She made a decision to kill her kids rather than dying defending them. Though her decision, she ended up killing one of her children. The child she killed ends up coming back to haunt her, and this is where the story begins.

When the arrival of *beloved* came it was like a birth for Sethe. "And for some reason, she could not immediately account for, the moment she got close enough to see the face, Sethe's bladder filled to capacity...Not since she was a baby girl"(Morrison, 51). *Beloved* had all the features of a toddler from the way she talked to her physical body features. Her coming back to the specific place where her birth mother resided she had to come out for only one reason, to get revenge. During *Beloved's* stay, she becomes abusive and very attached to Sethe.

They become so inseparable that when *Beloved* disappears Sethe just want to lay and die. "She says they were holding hands and Sethe looked like a little girl beside it"(Morrison, 265). In the end, *Beloved* was a pregnant girl resembling Sethe being pregnant with *beloved* and Sethe was a little girl who resembles *beloved* as a little girl defending her family. When *beloved* disappears it is when Sethe runs to protect them from her old slave owner. *Beloved* wants Sethe to see that's what she should have done in the first place instead of killing her child. After *Beloved's* wish is fulfilled she vanishes and the suffering of Sethe begins.

As soon as *Beloved* entered the world, she was considered a slave just because Sethe was a slave. And Sethe knew that once she was captured she would lose her control over the innocent baby, and that would morally kill her. In Chapter 26, Sethe explains what she thinks is supposedly the worst thing that could happen in her life, "That anybody white could take your whole self for anything that came to mind. Not just work, kill, or maim you, but dirty you"(Beloved 251). This shows that even though Sethe survived being whipped while pregnant, having been milked by the school teacher's nephews, and having to pay for *Beloved's* tombstone with intercourse, she did not want to see her children being treated as animals.

While Sethe became "dirty" after Sweet Home, her children never experienced slavery first hand so they remained the only pure, "clean" thing in her life. Her oldest daughter (*Beloved*) did not even have a name until she died, signifying how Sethe wanted to keep a blank slate for her daughter, wanted her to be free and live her own life, something that Sethe never got a chance to do since the memories of Sweet Home continued to torment her years after. The only reason she attempted to kill her children was to keep them from being degra
