Contemporary Social and Political Aspects of the Cyprus Problem Michalis Kontos, Jonathan Warner, 2016-08-17 In today's world the issue of Cyprus is notable for all the wrong reasons because of the duration of the divisions in Cyprus itself between Greek Cypriots and Turkish Cypriots formalized since 1983 by a disputed international border across the island because of the involvement of Greece and Turkey for which the hyphenated Cypriot communities form proxy battalions and because of the failure of the United Nations longstanding efforts to resolve the conflict Much of the discussion in the book revolves around the difficulty of producing viable constitutional and civic arrangements in an

However this positive relationship between human rights and peace is both qualified and context specific Through an interdisciplinary and comparative analysis of four case studies the book identifies the conditions that can support the effective use of human rights as peacebuilding tools Developing these the book recommends a series of strategies that peacebuilders should adopt and rely on Winner of the Constantinos Emilianides Award in Law for 2020 joint conferment
