there is one thing I have learned it is that people like reviews of bad restaurants No scratch that They adore them feast upon them like starving vultures who have spotted fly blown carrion out in the bush They claim otherwise of course Readers like to present themselves as private arbiters of taste as people interested in the good stuff I m sure they are I m sure they really do care whether the steak was served au point as requested or whether the souffle had achieved a certain ineffable lightness And yet when I compare dinner to bodily fluids the room to an S M chamber only without the glamor or class and the bill to an act of grand larceny why then the baying crowd is truly happy Don t believe me Then why presented with the chance to buy this ebook filled with accounts of twenty restaurants their chefs their owners their poor benighted front of house staff getting a complete stiffing courtesy of the sort of vitriolic bloody curdling review which would make the victims call for their mothers did you seize it with both hands
