McCartney, Molly Sinclair McCartney, 2015-10-27 A veteran Washington reporter reveals how years of military slanted domestic and foreign policy have turned the U S into a perpetual war machine When President Dwight D Eisenhower prepared to leave the White House in 1961 he did so with an ominous message for the American people about the disastrous rise of the military industrial complex Fifty years later the complex has morphed into a virtually unstoppable war machine one that dictates U S economic and foreign policy in a direct and substantial way Based on his experiences as an award winning Washington based reporter covering national security James McCartney presents a compelling history from the Cold War to present day that shows that the problem is far worse and far more wide reaching than anything Eisenhower could have imagined Big Military has become too big to fail and has grown to envelope the nation s political cultural and intellectual institutions These centers of power and influence including the now complicit White House and Congress have a vested interest in preparing and waging unnecessary wars The authors persuasively argue that not one foreign intervention in the past 50 years has made us or the world safer With additions by Molly Sinclair McCartney a fellow journalist with 30 years of experience America s War Machine provides the context for today s national security state and explains what can be done about it To-day's Cinema News and Property Gazette ,1915 **War of Numbers** Sam Adams, 2020-04-14 In the fall of 1967 political and military leaders in Washington said the Vietnam War was approaching the crossover point More Vietcong soldiers were dying in battle each week than could be recruited CIA analyst Sam Adams however was insisting the good news was an illusion His estimates of enemy ranks and morale varied wildly from those being released by military intelligence for public consumption and for use by commanders in the field Adams findings indicated the war was unwinnable and when US leaders failed to acknowledge basic facts he knew the intelligence was being politicized From inside the CIA and then after quitting the agency in 1973 Adams embarked on a one man crusade to expose the truth He loved intelligence work and his enthusiasm for it shines throughout this illuminating memoir Thanks to Adams newsman Mike Wallace produced his influential CBS News documentary The Uncounted Enemy A Vietnam Deception General William Westmoreland was called to account and his book dramatizes in clear compelling prose how America s involvement in Southeast Asia became such a tragedy *Wherever You Go* Tracie Peterson, 2019-06-04 Mary Reichert is one of the best sharpshooters in the country and in the Brookstone Wild West Extravaganza her skills are on display in every performance But unless the man responsible for her brother s death is brought to justice Mary s fame and accomplishments seem hollow She feels helpless in the face of the murderer s money power and connections The only bright spot in her days is the handsome journalist who keeps attending their shows Christopher Williams has been assigned to follow the Brookstone show on its 1901 tour of England and write a series of articles for his magazine As he gets to know the cast he quickly finds himself irresistibly drawn to the show s sharpshooter But getting close to someone would threaten to bring his past to light How could he ever win Mary s heart if she knows the truth Mary and Chris will both have to trust God if they are to heal from the wounds of the past
