Nest Smart Home Electronics: An Easy Guide to the Best Features Bill Stonehem, 2016-07-28 Nest electronics was a producer of automated home electronics that have the ability to learn and are operated by sensor and Wi-Fi connection. The first product ever made by the company was a Nest Learning Thermostat that they developed in 2011. The company was founded in 2010 by Tony Fadell and Matt Rogers, who were both former engineers at Apple. The company has grown tremendously since its start, moving from 130 employees to 1,100 and is highly praised for its smart home devices.

Air Conditioning for Beginners: A Comprehensive Guide to Comfort, Sustainability, and Innovation Charles Nehme, Welcome to *Air Conditioning for Beginners: A Comprehensive Guide*. Whether you are a homeowner looking to better understand your cooling system, a budding HVAC technician eager to grasp the fundamentals, or simply someone curious about how air conditioning works, this book is designed for you. Air conditioning is more than a luxury; it is a vital component of modern living. It provides comfort in our homes, enhances productivity in our workplaces, and ensures safety in extreme weather conditions. Despite its importance, the principles and workings of air conditioning systems remain a mystery to many. This book aims to demystify air conditioning. We will journey through the basics, starting with the fundamental principles of how air conditioning works. You will learn about the different types of systems, the components that make up these systems, and how they interact to create a comfortable indoor environment. We will also cover essential topics such as installation, maintenance, troubleshooting, and energy efficiency. Throughout this guide, I have endeavored to present information in a clear and accessible manner. Technical jargon is explained in plain language, and practical examples are provided to illustrate key concepts. By the end of this book, you should feel confident in your understanding of air conditioning systems and be equipped with the knowledge to make informed decisions, whether you are maintaining your own system or pursuing a career in the HVAC industry. Thank you for choosing this book as your resource. I hope you find it both informative and enjoyable, and that it helps you achieve your goals, whatever they may be. Happy reading. Sincerely, Charles.
