IAPSM's Textbook of Community Medicine AM Kadri, 2019-06-30 **Comprehensive Textbook of Community Health Nursing Including Environmental Science (Two Volume Set), First Edition - E-Book** Neerja Sood, Sakshi Chaturvedi, 2025-04-07 This book has been written with student nurses learning needs in mind and it fully covers the Indian Nursing Council's new revised syllabus for nursing degree and diploma courses. Although it primarily intends to cater to the curriculum demands of BSc Nursing and GNM students, it will also be extremely valuable for students of various other streams studying community health courses, MLHP, CCH and MPH courses. The main principles have been conveyed in clear terms from the students' perspective. The global and national health scenario and community health nursing principles are considered while explaining the role of community health nurses. Designed to meet the curricular needs of student nurses, relevant case studies and examples are included. Figures, tables and pictures are placed in order to enhance logical thinking. Recent research work in the relevant field is included in the content. Contains short answer and long answer exam-oriented questions at the end of chapters. Provides additional multiple choice questions to help students have a firm grasp on the subject.

Textbook of Nursing Education - E-Book Latha Venkatesan, Poonam Joshi, 2015-10-31 It was a long time desire of nursing fraternity to have a textbook on nursing education that has the content for all the units of the INC prescribed syllabus. This book pointedly deals with all the contents specified by the INC curriculum. The book has been written keeping in mind the requirements of the modern Indian nurse educators: what they need to know and practice in the classroom. This book provides comprehensive study material and practice exercises on Nursing Education the way it is used in day-to-day conversations in the hospital environment. Comprehensive, exhaustive and well-structured coverage. Lucid presentation with easy language for ease of comprehension. Practical approach with relevant theoretical perspectives, answering common questions and issues that arise while learning the subject. Ample number of examples, tables and other learning aids. All the essential elements of communication in modern day nursing practice like nursing reports, records etc. discussed, analysed and exemplified. Examples from real life health care communications provided. Exhaustive end-of-chapter exercises. Solutions for all objective type exercises given.
