don't know the size of your computer screen and can't determine if the student has measured correctly. We can get a high percentage of these problems easily. 2. When studying on a computer, there are too many websites with the answers. With a book, parents can have greater assurance the work is being done. This book is developed by a trained professional out of concern. It is not the product of a large publishing house. It is the results of one person who wants to help. Best Regards, Mark Shannon
