Real Magic Spells

Learn why only dark spells can work!

For a spell to work it must have complete control and dominance over a situation - this can only be achieved by casting spells capable of that, rather than casting spells that influence an outcome only. 'Influence' means 'To have an effect on' not control over. While magic influences, **BLACK MAGIC & Satanic Spells CONTROL**

Carrying a good luck charm may well attract luck to you, but it will not control or transform a situation unlike black magic. My spells work because all situations have numerous potential possible outcomes initially, including the one you desire (if you can imagine it, then it is possible), my black magic then filters out and blocks what you don't want, by **FORCE**. The outcome you seek becomes the only possible outcome, and your **FORCE** is sealed.

The Dark World of Pakistani Black Magic Insar Haq, 2024-11-01 A fascinating and often surprising journey into the belief and practice of magic in Pakistan exploring the country s myths legends and folklore The supernatural and the religious intertwine to produce a unique cultural landscape where the holy and the superstitious combine inextricably and practitioners of both white and black magic gain legitimacy and status from the incorporation of Quranic elements in their rituals from faith healing and protection to harmful sorcery Far from an arcane relic of times long past the practice of magic is ubiquitous in Pakistan today and amongst its diaspora across the globe constantly changing and adapting to new environments and influences Neither is the popularity of magic limited to the impoverished or illiterate belief is widespread regardless of status and education with a resurgence in interest from younger people perhaps disillusioned with modern society and organised religion and seeking a return to a more natural way of life The risks of exploitation and abuse from unprincipled charlatans are commonplace especially since they are promoted by the media and unregulated by law but genuine religiously legitimate practitioners also exist and their help is sought by millions suggesting a deep seated human need for connection to the supernatural

neo paganism The Meaning of Witchcraft originally published in 1959 was the first sympathetic book written from the point of view of a practicing witch The foundation of magical beliefs Gardner wrote of which witchcraft is a form is that unseen Powers exist and that by performing the right sort of ritual these Powers can be contacted and either forced or persuaded to assist one in some way People believed this in the Stone Age and they believe it consciously or not today It is now well known that most superstition is in fact broken down ritual The meaning of witchcraft is to be found not in strange religious theories about God and Satan but in the deepest levels of the human mind the collective unconscious and the earliest developments of human society The Meaning of Witchcraft is an enduring and invaluable source book for witches today This Weiser Classics edition includes a new foreword by Pam Grossman author of Waking the Witch In it Grossman revisits the historical role and mixed legacy that Gardner has played in the revival of witchcraft and magic in modern times
