How Fairy Tales live happily ever after: (Analyzing) The art of adapting Fairy Tales Conny Eisfeld, 2015-02-18 What happened to the classic fairy tale Do we still read the old and dusty tales of wonder to our children or would we rather take them to the cinema The fairy tale boom has reached Hollywood where popular tales are currently transformed into entertainment movies Makers of films and TV series have become the storytellers of the digital age a transition that frequently leads to discussions about how these new forms limit or contribute to the further development and preservation of the traditional fairy tale But what exactly is a traditional fairy tale The book follows the history of the tale how it has been changing colors and how it has been adapting and surviving for centuries The main focus lies on the literary and multi medial analysis of two popular fairy tales Rapunzel and Little Red Riding Hood which have not only been adapted to the screen recently but have been repeatedly altered throughout the centuries Follow the journey of the fairy tale from its most basic form i e oral storytelling to a written and illustrated commitment that shaped the general image of fairy tales for forthcoming generations to its newest form the visualization through new and digital media *British Film Institute Film Classics* Rob White, Edward Buscombe, 2003
