

A man with short dark hair and a light beard is sitting on a white bridge railing. He is wearing a dark blue button-down shirt and dark pants. He is looking directly at the camera with a slight smile. The background shows a body of water, green trees, and a white bridge railing with black lanterns. A quote is overlaid on the left side of the image.

"Using this technology, some forms of blindness may be curable, including macular degeneration and Stargardt disease, a currently untreatable form of eye disease that causes blindness in teenagers and young adults."
