**REFERRAL QUESTION:**

Jane was referred as practice for the examiner. Jane's mother is concerned about Jane's reading fluency and comprehension. Jane appears to experience difficulties in word decoding and completing vocabulary and comprehension tasks when they require her to read and respond to questions (versus orally presented tasks). Jane's mother believes the nature of the problem is minor and Jane's dislike of reading may have contributed.

**Interviews with :**

Cindy S., Jane's mother: 6/16/2011:

Cindy briefly talked about the family environment, stating that her and John are happily married and have a good relationship with both Jane and Grant (Jane's half brother). John has good employment which calls him to travel often, but Cindy describes a happy home situation even when one member is away. Cindy and John are in good health and very active in their children's lives and in their church. Cindy describes Jane as having good health with no major problems, illness, or accidents during her childhood. She describes Jane as very upbeat, eager to please, funny, and a very positive little girl. She talked about Jane's close group of friends and how they have nice neighbors (even friends across the street for Jane to play with). Cindy doesn't believe that Jane exhibits emotional tension, fear, or a lack of confidence. Instead, she said Jane seems very comfortable in many situations, has an overall positive attitude and can express her feelings well. Cindy did mention that Jane has experienced bullying at her school. They have met with the bully and her family to discuss the problem, but things haven't really improved. Cindy doesn't notice any unusual behavior patterns in Jane. She describes Jane's development as average academically and above average emotionally.

Since beginning school, Jane has attended the same Christian private school. Cindy says that Jane always excelled at her subjects as seen through grades and teacher comments until she reached this year (third grade). Now, Jane has had difficulty with reading and she participates in a special reading group at school. She says that the teacher encourages Jane to "tackle" words (i.e. sounding them out loud), but that Jane struggles and is hesitant to try. It's been frustrating for Cindy when Jane now brings home vocabulary worksheets with a D or F because she can ask Jane those same vocabulary words and Jane knows the answer. Cindy has also watched TV news stories with Jane and Jane can comprehend the information

**Counseling the Nursing Mother** Judith Lauwers,Anna Swisher,2005 Counseling the Nursing Mother thoroughly covers counseling techniques and how style and approach can enhance interactions with mothers and thus the effectiveness in helping them breastfeed By presenting topics within a counseling framework and including practical suggestions for working with mothers the reader will gain insights into applying knowledge and research into everyday practice as well as understand counseling challenges and how to meet them

***Testing and Assessment in Counseling Practice*** C. Edward Watkins, Jr.,Vicki L. Campbell,2012-12-06 The primary purpose of this revision remains identical to that of the first edition to show how key personality cognitive behavioral and vocational tests assessment procedures can be used by counselors in their work with clients Too often assessment books only provide the reader with information about tests and assessment procedures They do not however take the next step showing readers how these tests assessment procedures can be used and integrated into the actual work of counseling This revision is designed to fill that void Chapter authors all of whom are experts in their respective topic areas share the theoretical and research backgrounds about a particular test assessment procedure and then provide a case example or examples to show how assessment data can be meaningfully incorporated into the counseling process

***Stalking Crimes and Victim Protection*** Joseph A. Davis,2001-06-26 Although stalking is an age old phenomenon it is only recently receiving due attention In a span of just ten years all fifty states have passed anti stalking legislation For the first time Stalking Crimes and Victim Protection Prevention Intervention Threat Assessment and Case Management brings together in one source all the research done

***Evaluating AIDS Prevention Programs*** National Research Council,Division of Behavioral and Social Sciences and Education,Commission on Behavioral and Social Sciences and Education,Committee on AIDS Research and the Behavioral, Social, and Statistical Sciences,Panel on the Evaluation of AIDS Interventions,1991-02-01 With insightful discussion of program evaluation and the efforts of the Centers for Disease Control this book presents a set of clear cut recommendations to help ensure that the substantial resources devoted to the fight against AIDS will be used most effectively This expanded edition of Evaluating AIDS Prevention Programs covers evaluation strategies and outcome measurements including a realistic review of the factors that make evaluation of AIDS programs particularly difficult Randomized field experiments are examined focusing on the use of alternative treatments

rather than placebo controls The book also reviews nonexperimental techniques including a critical examination of evaluation methods that are observational rather than experimental a necessity when randomized experiments are infeasible
