book will surely prepare budding authors and serve as a resource for experienced authors. It is a great reference for authors at all levels. Score 100 5 stars. Doody's Writing and publishing a manuscript in the field of nursing is a long and often daunting process but it can be simplified by understanding the ins and outs of developing a manuscript and submitting it for publication. This second edition is written specifically for nurses for beginning and experienced authors, nurses writing articles about their practice and nursing students at all levels to guide their preparation of papers for both courses and publication. This guide gives a clear description of the entire writing process beginning with an idea, searching the nursing literature, preparing an outline, writing a draft and revising it, developing the final product and finally getting published. This edition also includes new content emphasizing the importance of disseminating information on evidence-based practice (EBP). Readers will learn how to write EBP papers, report research for use in practice and disseminate the findings of clinical projects and innovations. Key features: Takes the reader through the process of writing from making early writing decisions, generating ideas, identifying the audience and more. Serves as a reference for students at all levels of nursing education research and practice. Includes tips for writing chapters, books, editorials, journal articles and other forms of writing. Details the submission, editorial review and publication processes. Includes a new chapter on guidelines for writing EBP papers including integrative and systematic reviews, meta-analysis and meta-synthesis.

**Written Corrective Feedback in Second Language Acquisition and Writing** John Bitchener, Dana R. Ferris, 2012-03-15. What should language and writing teachers do about giving students written corrective feedback? This book surveys theory, research and practice on the important and sometimes controversial issue of written corrective feedback, also known as error grammar correction and its impact on second language acquisition and second language writing development. Offering state-of-the-art treatment of a topic that is highly relevant to both researchers and practitioners, it critically analyzes and synthesizes several parallel and complementary strands of research work on error feedback, both oral and written, in SLA and studies of the impact of error correction in writing composition courses and addresses practical applications. Drawing from both second language acquisition and writing composition literature, this volume is the first to intentionally connect these two separate but important lines of inquiry.
