

Critical Analysis Template

In a critical analysis essay you systematically evaluate a work's effectiveness including what it does well and what it does poorly. It can be used to discuss a book, article or even a film. You must read the piece carefully and may need to look up terms or concepts you are unfamiliar with or research related reading prior to writing your essay.

Introduction

- state the title of the work, the author's name and the date of publication
- outline main ideas of the book and identify the author's thesis
- state your own thesis statement and your main idea about the work

The novella, *The Metamorphosis*, by Frank Kafka is an excellent story because the author...

The article "Narratives of intercultural transformation" by Ingrid Adams is informative and insightful because the author...

Summary

- briefly outline the main ideas of the book, article or film
- should involve who, what, where, when, why and how
- you may also choose to discuss the structure, style or point of view

This book is about...

The author argues that...

The setting is...

The research was...

The main character...

The main points are...

The theme is...

The authors conclude...

Analysis

- critically state what you like and do not like about the book, article or film
- explain your ideas with specific examples from the book, article or film
- assess whether the author has achieved their intended goal
- the analysis may look at whether the work is
 - *focused, understandable, persuasive, clear, informative*
 - *original, exciting, interesting, well-written*
 - *directed at the appropriate audience, meeting the purpose*
 - *well researched, with appropriate conclusions, and more...*

The analysis is made up of several different paragraphs.

Enacting Research Methods in Information Systems: Volume 3 Leslie P. Willcocks,Chris Sauer,Mary C. Lacity,2016-05-20 This edited three volume edition brings together significant papers previously published in the Journal of information Technology JIT over its 30 year publication history The three volumes of Enacting Research Methods in Information Systems

celebrate the methodological pluralism used to advance our understanding of information technology's role in the world today. In addition to quantitative methods from the positivist tradition, JIIT also values methodological articles from critical research perspectives, interpretive traditions, historical perspectives, grounded theory, and action research and design science approaches. Volume 1 covers Critical Research, Grounded Theory, and Historical Approaches. Volume 2 deals with Interpretive Approaches and also explores Action Research. Volume 3 focuses on Design Science Approaches and discusses Alternative Approaches including Semiotics, Research Complexity Theory, and Gender in IS Research. The Journal of Information Technology, JIIT, was started in 1986 by Professors Frank Land and Igor Aleksander with the aim of bringing technology and management together and bridging the great divide between the two disciplines. The Journal was created with the vision of making the impact of complex interactions and developments in technology more accessible to a wider audience. Retaining this initial focus, the JIIT has gone on to extend into new and innovative areas of research such as the launch of JIITC in 2010. A high impact journal, JIIT shall continue to publish leading trends based on significant research in the field.
