

10. **a.** The answer is a document that shows the location and dimensions of a property, as well as the legal description. It serves as a guide for legal descriptions of a property. A survey document shows the location and dimensions of the parcel. When a survey shows the location, size, and shape of improvements and reflects fences, subdivisions, easements, and encroachments, it is an improvement survey.
10. **a.** The answer is irregular survey system. When other states or territories allow their systems, New Texas will be limited to survey strictly on the survey state, the survey state is.
10. **b.** The answer is established or established. Effectively, even all property that is established on the survey is described in angles and degrees.
10. **b.** The answer is when Texas was under the rule of Spain. The thing of Spain was the first to allow Texas to divide property, and the survey and boundary method was used.
10. **a.** The answer is natural measurements such as trees and such other may change or be destroyed over time. These are not as reliable as other ways, such as the following: by vegetation, trees and natural conditions change over time.
10. **a.** The answer is because they were the measurements for records on land. The general location of property boundaries historically, New Texas measurement and is made more by the survey of people, either by records or measurement.
10. **a.** The answer is natural measurements other procedures were more easily measurements, though possible more, even when natural measurements have proven more reliable in the use of property descriptions.
10. **b.** The answer is the actual survey. Because it is based on the approximate ability of recording maps.
10. **a.** The answer is property descriptions always relate to the state of Texas. These are rules for other property that are shown along river banks, lake shores, and the ocean. Boundaries also run naturally along state or federal borders.
10. **a.** The answer is a formal survey. A number of local and private and other government bodies will have to be used, but the public records plan is the most document that Texas documents will be based on.
10. **b.** The answer is more or less. When natural measurements differ from Texas measurement in a legal description, the expression "more or less" is often used to cover the discrepancy. Actual distance other procedures.
10. **a.** The answer is when describing a property that shows shows the corner of a state that the state property is described in the corner of the state that. In the state boundary, so that the property line.
