Barker, The culmination of a lifetime of hound dogging and hunting of the big cats in an action packed year of adventure on the famous Vermejo Park Ranch in northern New Mexico The pages of *When the Dogs Bark Treedom* vividly reflect the author s love for wildlife and for wild places It is a portrayal of a conservationist and administrator of wildlife resources who came up the hard way It incidentally presents a vast store of information about game and predators and their environment which the author has

gleaned from long years of firsthand contacts Only the pioneer who helped blaze the dangerous difficult trails of exploration and conquest could fully appreciate the part played by horses and dogs in his adventures Elliott Barker appreciated his dogs and horses and gives them a full share of credit for his success in following and destroying the larger predaceous animals One has only to follow the story as it swiftly unfolds to appreciate the fact that the author is a product of the saddle and of the mountains and forests of his beloved Sunshine State No other was better qualified to pen the pages of this book rich in romance and factual material than Elliott Barker the first State Game Warden of New Mexico and no stage more fitting for the enactment of the drama than the Vermejo Park property a part of the famous old Maxwell Land Grant still in almost primitive state in northern New Mexico
