Nuclear Science Abstracts ,1974 *Beyond the Power of Now* L. Ron Gardner,2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of *Beyond the Power of Now* there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn t say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary

describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle s New or Now Age chimera and describes the social system that represents mankind s sociopolitical salvation Beyond Tolle s teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle s teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions NBS Technical Note ,1959 **Instructional Technology** Robert M. Gagne,2013-12-16 First Published in 1987 The technical knowledge that constitutes instructional technology includes practical procedures for using existing media to deliver instruction and also to deliver portions of instruction that supplement the communications of an instructor Instructional technology includes practical techniques of instructional delivery that systematically aim for effective learning whether or not they involve the use of media It is a basic purpose of the field of instructional technology to promote and aid the application of these known and validated procedures in the design and delivery of instruction
