

## The Roles of Women in the Society

The roles of women in the society and their models of behavior had been distinct differently in the past between them and Men. Women are disadvantages in institutional setting, do a disproportionate amount of housework compared to men. However, there are been considerable change since then. Today, gender roles have been shifted, which had a strong impact on the society. The women of western culture are not any more satisfied of the role of a housewife; they prefer making their own career and sharing the same rights with the men (Howie, on 2010). This fact means that the rights of the women are based on a freedom which can be considered to be a virtuousness, but not as a load.

The women continue fighting for their rights. Today, there is ongoing discourse on the part of opponents and supporters of feminism, but the key is to understand the roots and reasons for the phenomenon itself (Gillis 2007). The principal goal of this paper is to discover the objective state of the problem and to conclude if the women gain by acquiring the same statute as the men in the human society. The role of the women in the fight for the equal opportunity underlines the positive effects of feminism on the social reconstruction of the sex and the kind which was caused by a certain number of events and of significant historical developments, such as Fourth Reform Act of 1918. Women roles during the 1st and 2nd world war, the women's rights movements launched in the U.S characterizes as 1st wave, 2nd wave and 3rd wave. This paper is focused only on the women's rights movements characterized as 1st wave, 2nd wave and 3rd wave which related to what we have learned in class The first wave, the second wave, and the third wave. The development of the first wave, second wave and
