Measurement in Health Behavior Colleen Konicki DiIorio, 2006-03-06
Measurement in Health Behavior offers faculty, students, researchers, and public health professionals the information they need to improve their knowledge of instrument development and testing and their understanding of reliability and validity testing discussed in articles and reports. The book also helps improve students and professionals' ability to conduct basic tests for reliability and validity and hones their skills in interpreting the results of data analysis. Based on data collected from the author's more than ten years of research and program development, Measurement in Health Behavior provides realistic examples from the public health arena to clearly demonstrate the book's concepts.

Sustainable Building for a Cleaner Environment Ali Sayigh, 2018-07-12
This book contains selected papers presented during the bi-annual World Renewable Energy Network's Med Green Forum aimed at the international community as well as Mediterranean countries. This forum highlights the importance of growing renewable energy applications in two main sectors: Electricity Generation and the Sustainable Building Sector. In-depth chapters highlight the most current research and technological breakthroughs covering a broad range of renewable energy technologies and applications in all sectors for electricity production, heating, and cooling; agricultural applications; water desalination; industrial applications; and for the transport sectors.

Statistical Test Theory for the Behavioral Sciences Dato N. M. de Gruijter, Leo J. Th. van der Kamp, 2007-08-31

Focusing on this ubiquitous yet fruitful area of research, Statistical Test Theory for the Behavioral Sciences provides both a broad overview and a

How is a Man Supposed to be a Man? Robin A Hadley, 2021-09-17
The global trend of declining fertility rates and an increasingly ageing population has serious implications for individuals and institutions alike. Childless men are mostly excluded from ageing social science and reproduction scholarship and almost completely absent from most national statistics. This unique book examines the lived experiences of a hidden and disenfranchised population: men who wanted to be fathers. It explores the complex intersections that influence childlessness over the life course.
