The Survival of the Jesuits in the Low Countries, 1773-1850 Leo Kenis, Marc Lindeijer, 2019-12-20 How the Jesuits re emerged after forty years of suppression In 1773 Pope Clement XIV suppressed the Society of Jesus For the 823 Jesuits living in the Low Countries it meant the end of their institutional religious life In the Austrian Netherlands the Jesuits were put under strict surveillance but in the Dutch Republic they were able to continue their missionary work It is this regional contrast and the opportunities it offered for the Order to survive that make the Low Countries an exceptional and interesting case in Jesuit history Just as in White Russia former Jesuits and new Jesuits in the Low Countries prepared for the restoration of the Order with the help of other religious priests and lay benefactors In 1814 eight days before the restoration of the Society by Pope Pius VII the novitiate near Ghent opened with eleven candidates from all over the United Netherlands Barely twenty years later the Order in the Low Countries by then counting one hundred members formed an independent Belgian Province A separate Dutch Province followed in 1850 Obviously the reestablishment with new churches and new colleges carried a heavy survival burden in the face of their old enemies and the black legends they revived the Jesuits had to retrieve their true identity which had been suppressed for forty years
