Considered the industry standard resource, this guide provides practical guidance, essential information, and hands-on advice on the many aspects of accounting and authoritative auditing for employee benefit plans. This new 2017 edition has been updated to include expanded information on related parties and parties in interest, plan transfers, and changes in service providers. Notably, the guide contains clarification on plan transfers; identifying a plan transfer may be challenging because the reports provided by the trustee or custodian may classify the transfer as a conversion, miscellaneous adjustment, or as contributions or distributions rather than a plan transfer. Further, the date at which the plan's assets physically transfer (assets move from the predecessor plan's trust to the successor plan's trust) may differ from the effective date of the transfer (the date at which the plan assets are legally transferred to the control of another plan according to relevant plan amendments or other documents). In addition, this edition has been updated for requirements related to going concern and provides the main provisions of those requirements. **AICPA Audit and Accounting Manual**, 2007. *Pension Fraud Case Studies*. Employee Benefit Plans Industry Developments, 2008. **Audit Risk Alert**. AICPA, 2017-09-08. The increasing complexity of employee benefit plan auditing and increased focus by the DOL have resulted in significant pressure for CPAs and firms performing EBP audits. To help CPAs meet the challenge of performing quality audits in this unique and complex area, the AICPA has developed this alert to assist in identifying current sources of risk within EBP audit engagements. A targeted discussion on new developments/issues auditors may face in their current audits, as well as a look at what's in the
