English and Scottish Popular Ballads Francis James Child,Helen Child Sargent,George Lyman Kittredge,1904 *Scottish Highlanders on the Eve of the Great Migration, 1725-1775* David Dobson,2007 In 2005 Clearfield Company launched a new series of books by David Dobson designed to identify the origins of Scottish Highlanders who traveled to America prior to the Great Highland Migration that began in the 1730s and intensified thereafter Much of the Highland emigration was directly related to a breakdown in social and economic institutions Under the pressures of the commercial and industrial revolutions of the 17th and 18th centuries Highland chieftains abandoned their patriarchal role in favor of becoming capitalist landlords By raising farm rents to the breaking point the chiefs left the social fabric of the Scottish Highlands in tatters Accordingly voluntary emigration by Gaelic speaking Highlanders began in the 1730s The social breakdown was intensified by the failure of the Jacobite cause in 1745 followed by the British military occupation and repression in the Highlands in the aftermath of the Battle of Culloden In 1746 the British government dispatched about 1 000 Highland Jacobite prisoners of war to the colonies as indentured servants Later during the Seven Years War of 1756 63 Highland regiments recruited in the service of the British crown chose to settle in Canada and America rather than return to Scotland Once in North America the

Highlanders tended to be clannish and moved in extended family groups unlike immigrants from the Lowlands who moved as individuals or in groups of a few families The Gaelic speaking Highlanders tended to settle on the North American frontier whereas the Lowlanders merged with the English on the coast Highlanders seem to have established beachheads and their kin subsequently followed The best example of this pattern is in North Carolina where they first arrived in 1739 and moved to the Piedmont to be followed by others for over a century Another factor that distinguishes research in Highland genealogy is the availability of pertinent records Scottish genealogical research is generally based on the parish registers of the Church of Scotland which provide information on baptisms and marriages In the Scottish Lowlands such records can date back to the mid 16th century but in general Highland records start much later Americans seeking their Highland roots therefore face the problem that there are few if any church records available that pre date the American Revolution In the absence of Church of Scotland records the researcher must turn to a miscellany of other records such as court records estate papers sasines gravestone inscriptions burgess rolls port books services of heirs wills and testaments and especially rent rolls Some rent rolls even pre date parish registers This series therefore is designed to identify the kinds of records that are available in the absence of parish registers and to supplement the church registers when they are available Volume Three the latest in the series covers Highlanders from the county of Inverness a location from which many of the pioneer emigrants who settled in colonial Georgia Pennsylvania upper New York Jamaica and the Canadian Maritimes originated Inverness shire is also the county where the Fraser s Highlanders regiment which played a prominent part in the French and Indian War and in the settlement of Canada was raised While the present volume is not a comprehensive directory of all the people of Inverness shire during the mid 18th century it does pull together references on more than 2 100 18th century inhabitants Coverage extends to all regions within Inverness In all cases Mr Dobson gives each Highlander s name a place within Inverness shire birth residence employment etc a date and the source In some cases we also learn the identities of relatives the individual s employment vessel traveled on and so forth See also the other volumes in this series The People of Argyll The People of Highland Perthshire The People of Debrett's Illustrated Peerage and Baronetage, Titles of Courtesy and the Knighthood ,1924 Includes an unpagged appendix royal warrant holders and 19 a war honours supplement Report of State Librarian Pennsylvania State Library,1898 The Annual American Catalogue ... ,1898
