Permaculture. A Designers' Manual, 1988 *Food Not Lawns* Heather Jo Flores, 2006-10-15 Gardening can be a political act Creativity fulfillment connection revolution it all begins when we get our hands in the dirt *Food Not Lawns* combines practical wisdom on ecological design and community building with a fresh green perspective on an age old subject Activist and urban gardener Heather Flores shares her nine step permaculture design to help farmsteaders and city dwellers alike build fertile soil promote biodiversity and increase natural habitat in their own paradise gardens But *Food Not Lawns* doesn't begin and end in the seed bed This joyful permaculture lifestyle manual inspires readers to apply the principles of the paradise garden simplicity resourcefulness creativity mindfulness and community to all aspects of life Plant guerilla gardens in barren intersections and medians organize community meals start a street theater troupe or host a local art swap free your kitchen from refrigeration and enjoy truly fresh nourishing foods from your own plot of land work with children to create garden play spaces Flores cares passionately about the damaged state of our environment and the ills of our throwaway society In *Food Not Lawns* she shows us how to reclaim the earth one garden at a time *Designing for Hope* Dominique Hes, Chrisna du Plessis, 2014-10-17 A forward looking book on sustainable design that describes problems and then by providing a different way to conceptualise design and development leads on to examples of regenerative solutions Its aim is to move the discussion away from doing less but still detracting from our ecological capital to positively contributing and adding to this capital This book offers a hopeful response to the often frightening changes and challenges we face arguing that we can actively create a positive and abundant future through mindful contributive engagement that is rooted in a living systems based worldview Concepts and practices such as Regenerative Development Biophilic Design Biomimicry Permaculture and Positive Development are explored through interviews and case studies from the built environment to try

and answer questions such as How can projects focus on creating a positive ecological footprint and contribute to community How can we as practitioners restore and enrich the relationships in our projects and How does design focus hope and create a positive legacy

The Transition Handbook Rob Hopkins, 2008-02-25 Move from feeling anxious about the oil crisis to developing a positive visions and taking traction action to create a more self reliant existence with this ground breaking book We live in an oil dependent world and have become reliant in a very short space of time using vast reserves of oil in the process and without planning for when the supply is not so plentiful Most of us avoid thinking about what happens when the oil runs out or becomes prohibitively expensive but the reality may not be as bad as we think The Transition Handbook shows how the inevitable and profound changes ahead could have a positive effect Written by permaculture expert Rob Hopkins he discusses the possibility of a rebirth of local communities which will generate their own fuel food and housing These will

encourage the development of local currencies to keep money in the local area and unleash a local skilling up so that people have more control over their lives The growth in interest in the Transition model continues to be exponential There are now more than 35 formal Transition Initiatives in the UK including towns cities islands villages and peninsulas with more joining as the idea takes off With little proactivity at government level communities are taking matters into their own hands and acting locally If your community has not yet become a Transition Initiative this upbeat guide filled with beautiful black and white photographs offers you the tools to get started The Transition Handbook is the perfect manual to guide communities as they begin this energy descent journey
