Angèle M. Beausoleil, 2022-01-24 This textbook aims to guide, instruct and inspire the next generation of innovation designers, managers and leaders. Building upon an evidence-based innovation development process, it introduces, explains and provides visual models and case examples of what Business Design is, how it is applied across sectors and organizations, and its impact on decision making and value creation. Students will read and analyze design-led innovation business cases from across the globe, discover multi-disciplinary strategies from marketing to anthropology, and practice applying a designer's toolkit to find, frame and solve business problems in contemporary ways. Throughout the book, students will break down the process of innovation and move from initiation to implementation, engage in iterative feedback loops and develop concrete plans for personal and professional collaboration and workplace application. For MBA and senior undergraduate students, this book offers a step-by-step and comprehensive reference guide to creative problem framing and solving inside and beyond the classroom. It integrates marketing principles and management frameworks with anthropological and design methods, reflecting the diverse and in-demand skills vital to tomorrow's workforce. For instructors, this book offers a way to confidently engage learners in the realm of design practices and strategies relevant to business decision making. The pedagogical framework, along with a comprehensive suite of techniques and templates, offers both novice and experienced teachers a step-by-step reference guide that facilitates skills development in creative problem framing and solving. **Promoting Social**

Justice through the Scholarship of Teaching and Learning Delores D. Liston, Regina Rahimi, 2017-10-02 How can education become a transformative experience for all learners and teachers? The contributors to this volume contend that the Scholarship of Teaching and Learning (SoTL) can provide a strong foundation for the role of education in promoting social justice. The collection features contributions by an array of educators and scholars highlighting the various ways that learners and teachers can prepare for and engage with social justice concerns. The essays offer reflections on the value of SoTL in relation to educational ethics, marginalized groups, community service and activism, counter narratives and a range of classroom practices. Although the contributors work in a variety of disciplines and employ different theoretical frameworks, they are united by the conviction that education should improve our lives by promoting equity and social justice. **Oswaal**
