THE TRUTH ABOUT TERRIFYING HOMICIDAL POLTERGEISTS Warning They Can Kill Mutilate Cause An Individual To Go Insane Or Lead A Person To Jump Out A Window Yes They are much more dangerous than the slime throwing spirits in Ghostbusters or the foul mouthed hellion portrayed in The Exorcist Poltergeists come in all shapes and sizes and inspire varying degrees of horror What might be surprising is that poltergeists are NOT necessarily the spirits of the dead nor the overworked disordered personalities of the living often thought to have become possessed by demonic forces That which we call a poltergeist could just as easily include a wide range of other unearthly phenomena such as random denizens of the dark moving through time and space and other dimensions as well as a manifestation of cryptids known collectively as shape shifters and bedroom invaders and possibly even representatives of numerous alien races These are the stories other researchers refuse to reveal because they are nasty vicious and utterly vulgar But you have the right to know the truth come hell or high water Knife Wielding Demons and Murderous Ghosts is a thick large format book with photos and art to light up the way The contributors to this volume are seasoned researchers who have probed the unknown and are anxious to share their findings no matter how ugly those findings might be Indeed ghosts do more than go bump in the night The reader has been warned P S It is also good to read around the campfire if you are looking to scare the devil out of someone

unexplainable and waiting to be remembered the next time you find yourself home alone These stories are different because there s evidence that is difficult to ignore These are not I heard from a friend of a friend stories but events and individuals whose existence can be proven We look to professionals to challenge such claims but what happens when doctors and lawyers acknowledge and defend possessions and hauntings The dividing line between science and the paranormal suddenly seems less certain When hauntings are used as legal evidence and possessions are reported by renowned physicians the only logical choice is to be open to the possibilities We can no longer deny that terrifying things do happen whether we re looking for them or not Step into the chilling histories of events even the most stubborn skeptics cannot explain tales which sound stranger than fiction but are frighteningly true In Ghost Stories you will find cases that stump skeptics and span the globe Inside you will discover 30 chilling tales of ghosts and demons that will have you leaving on your lights next time you go to sleep at night The dark histories behind well known stories like Dracula Snow White and more How hauntings have evolved in the digital age The story behind the sprawling Winchester house and its staircases leading to nowhere The asylum where thousands of patients were tortured leaving nothing but an echo of its past Why you should never try to explore the Paris catacombs unless you re wanting an unpleasant surprise The history of the real life doll that inspired Chucky How a Ouija board affected an entire town And much more If you find yourself scoffing at the idea of demons and ghosts hold your judgment until you ve read the compelling research presented We try to define our world in clear rational terms But time and time again experiences teach us that the world is not rational and that denying the unexplainable won t make it go away If you re ready to discover what lurks in the shadows and stalks in the night then scroll up and click the Add to Cart button right now Be sure to leave your nightlight on **Ghostbusters: Spectral Shenanigans, Vol. 3** Erik Burnham,2020-11-03
