Perspectives on Multigrade Teaching

Linley Cornish,Matshidiso Joyce Taole,2021-10-25 This book contains the results of research projects carried out in relation to multigrade teaching in Australia and South Africa Research in multigrade contexts is not commonly reported and rarely in book form The research results have implications for multigrade teachers government education personnel and university teacher educators The book also contains chapters with practical advice for multigrade teachers including examples of multigrade teaching used in an Australian seven grade class kindergarten to grade 6 Other chapters contain suggestions for practical strategies a multigrade teacher can use to reduce the workload involved in planning for multiple grades Very little is published in the area of multigrade teaching yet the number of multigrade schools worldwide is huge Developed countries still have a significant proportion of multigrade schools commonly one fifth to one third of all primary schools or classes Despite decades of centralisation of schools and expansion of transport networks the number of these schools remains high mostly in rural areas Developing countries established multigrade schools in rural areas in order to achieve the UN Millennium Development Goal of Universal Primary Education Yet specific training to teach a multigrade class remains virtually non existent in initial teacher education programs worldwide The value of this book is thus to report specific research carried out in multigrade contexts but also to provide practical help for multigrade teachers This help is needed as the teachers strive to achieve the UN Sustainable Development Goal of a quality education through helping their students develop the skills and behaviours required for 21st century learning

Protestant School Leaders: A Qualitative Research about their Self-understanding Njobati, Frederick Fondzenyuy, The study is concerned with the self understanding of Protestant secondary school principals about their school leadership in the context of Cameroon where education is rooted in missionary and colonial times The debate at international level on whether or not none state schools are widening inequality gaps and whether school leadership is contributing to enlightenment or to fundamentalism matter in researching about the Protestant school profile and leadership The study therefore seeks to answer the research question What are the perceptions of secondary school principals of Protestant schools about their school leadership The research was conceptualized as exploratory and hypothesis generating within the qualitative approach It used semi structured interviews to collect data from 26 theoretically sampled secondary school principals The data was analyzed by qualitative content analysis using the grounded theory in an iterative deductive inductive way Through the

generalization process of abduction and by a deep analysis of the empirical data the criteria which constitute the categories of quality first emerged Thereafter six ideal types of leading understanding were generated and consists of 1 call for superiority leadership 2 state conformational leadership 3 ecclesiastical leadership 4 community participatory leadership 5 vocation to serve leadership and 6 diaconal leadership Further analysis revealed a multi dimensional self understanding by principals on the Protestant ethos of schools and their leadership function Thus not all the six ideal leadership types are contributing to quality education On the one hand there are fundamentalist leaders focusing on normative aspects of discipline while on the other hand there are leaders promoting democratic values or working in a diaconal way promoting social justice Furthermore principals show little awareness of belonging to the church as a global institution *Australian Books in Print 1999* K G Saur Books,1999-04 Excellent coverage essential to worldwide bibliographic coverage American Reference Books Annual This comprehensive reference provides current finding ordering information on more than 123 000 in print books published in Australia You ll also find brief profiles of more than 12 000 publishers distributors whose titles are represented as well as information on trade associations local agents of overseas publishers literary awards more From Thorpe *Relations 2.2 - November 2014* Rod Bennison,Alma Massaro,Jessica Ullrich,2014-11-18 Table of Contents Of Cows and Women Gendered Human Animal Relationships in Finnish Agriculture Taija Kaarlenkaski Alpha the Figure in the Cage Juliet MacDonald The Living in Lucretius De rerum natura Animals ataraxia and Humans Distress Alma Massaro Low down Dirty Rat Popular and Moral Responses to Possums and Rats in Melbourne Siobhan O Sullivan Barbara Creed Jenny Gray Animal Perceptions in Animal Transport Regulations in the EU and in Finland Outi Ratam ki Boundary Transgressions the Human Animal Chimera in Science Fiction Evelyn Tsitas Animal Music Jessica Ullrich The Inspiring Journey of SIUA through Animal Lives Eleonora Adorni Animal Theology Gianfranco Nicora Alma Massaro A Bestiary in Five Fingers Se n McCorry A Pig Doesn t Make the Revolution Valentina Sonzogni **Australian National Bibliography: 1992** National Library of Australia,1988 School Safety ,1965 **Relations.
